

Japan Home: Inspirational Design Ideas By Lisa Parramore

日本の家の良さが、十分に伝わってきます。写真も美しいです。古民家を再生するのに役立ちそうな写真が満載でした。Japan Home: Inspirational Design Ideas I read for than just the content but the content is good regardless. Japan Home: Inspirational Design Ideas I found this book (Japan Home) rather disappointing as there were so many repeated images copied from the 'Japan Style: Architecture + Interiors + Design' book I had just finished reading: I can't say you'll be able to build your own Japanese style home right after reading this but it's definitely a good insight into the styles and aesthetics of Japanese homes, The pictures are great very inspiring and I'm definitely going to use some of the ideas in my own future home, I expected insightful context on the mix of East and West interior design, Instead repeated simplified observations from 'Japan Style' graced a few new images. All in all the book 'Japan Style' is well worth the money and a very good read. 'Japan Home' I would suggest you buy a sample first and compare it with 'Japan Style', Japan Home: Inspirational Design Ideas Leider habe ich fast alle Fotos von Murata schon in einem anderen Buch bei mir zuhause. So habe ich Geld ausgegeben für etwas das ich zu 90% schon besaß, Japan Home: Inspirational Design Ideas I bought the Kindle version of this book and am overall impressed. It has some interesting information and ideas about Japanese interior design but feels like an introduction to the subject as opposed to being a detailed reference, If you want to get some initial ideas and whet your appetite for Japanese design I recommend it but I probably wouldn't if it isn't the first for your collection: The images are useful but in the Kindle edition at least they are too small, It'd be nice to have large high resolution images to enjoy on the iPad: Would like to know about the philosophy of design something which isn't discussed in enough detail here, Japan Home: Inspirational Design Ideas Japan Home: Inspirational Design Ideas: Parramore Lisa Gong Chadine Flood Murata Noboru: 9784805310007: Books Japan Home: Inspirational Design Ideas.
