

The Street Beneath My Feet By Charlotte Guillain

Everything went smoothly et 1 de plus Relié

The Street Beneath My Feet : Guillain Charlotte Zommer Yuval: : Livres The Street Beneath My Feet It's very dark and has only 5 double pages! Not worth the money. My daughter just opened it and closed it in a second □ the illustrations are not as flamboyant. The text is placed in dark background making it hard to read! I wouldn't recommend it at all. et 1 de plus Relié This is a marvellous book explaining what goes on beneath our feet in an easy to understand — and different! — way, et 1 de plus Relié Très bel album pour découvrir en anglais ce qui se passe sous nos pieds. Usually Yuval Zommer books are very colourful and nice. It's totally dark. I wonder why yuval chose this colour palette for kids. All his others books art collectors treasures. et 1 de plus Relié It's a great book. Nos enfants ont beaucoup apprécié cette lecture. et 1 de plus Relié Good for a wide age range. The older kids will appreciate the science. The younger kids will have their imagination sparked. We love it. et 1 de plus Relié.
