Super ! Just what we needed and delivered on time ! Thanks ! 336 pages Voyage en Bavière beaucoup d'informations sont obsolètes mais un nouveau guide va paraître début juin 2019 donc tout devrait être remis à jour: 336 pages Great travel guide strongly recommend to anyone that wants to explore Bavaria from hiking cycling skiing to museums and city/town tours: also for anyone that wants to relax (spa or pools) and any cultural events (classical music), With this guide you can have amazing holiday without any stress cause all the information you need are in it: I would not recommend this book to those who goes on lazy holiday or drinking holiday: 336 pages As with most Lonely Planet guides this one did not disappoint. From possible itineraries to the history of Munich and the Black Forest this travel title provides many options for a visitor to choose from. I also like how the series now incorporates the use of color now: As far as I am concerned an app or an eBook still can't substitute for the ability to thumb through and mark the pages of a printed travel guide. Sinon guide intéressant. lots of information about history food etc. October fest info included too. helpful info about public transport maps and so on. 336 pages Foi excelente a compra.Os produtos da Lonely Planetsão da melhor qualidadesempre.Tudo que é importante eles informam.Nada que reclamar. 336 pages Quick shipping as advertised. Satisfied customer! 336 pages.
