It didn't make any sense. **Bartered away meaning** Why not bring her to his ranch and let his housekeeper look after her? He was never there anyway?? And he is enraged with her father's actions toward Emma but offers her no comfort. **Bartered meaning** "Emmaline "Emma" Foley has been lost without her mother her father is a lazy drunkard and then the one man she looked up to Jake has married another and just when she thinks things can't get any worse her Dad drags her into the Long Horn Saloon as trade for a bottle of whiskey. **Book bartered** She was also the daughter of the man he despised and for the sake of her fixing her hair and showing off her attributes? Will that be the wake up Jake needs or will it bring other wolves to the door panting after her? Trouble is brewing and lives with be on the line. **Bartered à tricoter avec à tricoter** After her no good drunk of a father tries to trade her for a bottle of whiskey nineteen year old Emma Foley ends up as the reluctant ward of Jake McCabe the stern handsome man she spent years doing her best to annoy. **à tricoter bartered synonym** Though Jake is the less than enthusiastic owner of the saloon his late father established he has no intention of allowing Emma to become a working girl and when he catches her flaunting her body in a scandalous dress he punishes her thoroughly. **Barter books cafe** With her need for him growing and obvious every day and his ability to control himself slipping away will Jake make Emma his bride before he claims her beautiful body?
