A highly enjoyable read and I would recommend it to people who are unflinching when the going gets brutal! Paperback THIS WAS ONE OF THOSE BOOKS I WASN'T SURE I WOULD LIKE. **Wildcaster app** Paperback Hard to believe that Neil Russell could develop as a writer so fast but the second Rail Black saga rapidly surpasses CITY OF WAR for writing suspense character development in addition to murder mystery and international intrigue. **Bookcase plans** Rail Black as an ex-Delta force vet British expat and Hollywood billionaire reminds me of Paladin in HAVE GUN - WILL TRAVEL - another military veteran with more money than he could ever spend (although Paladin lived in San Francisco while Black resides in Los Angeles) possessing a clear code of honor who is extremely loyal to his friends and fights for those who can't fight for themselves and travels the world on the path of justice. **Wildcase thriller michael** Paperback

money and you will not be able to put it down. **Kindle wildcase** It was extremely and graphically violent in places and I am not sure it was always necessary: **Wildcastle y8** I liked the character Rail Black but was never sure why he was investigating and not the authorities. **Book wild seed** The reasons given in the book just seemed unreal and to keep murders like that out of the press for so long I have a lot of trouble buying. **Bookcases for sale** Billionaire and ex Delta Force operative Rail Black (isn't that just a great name?) is called to a California desert town to witness the scene of a gruesome pair of murders. **Wildcaster app** Black is asked by an LAPD Deputy Chief to make sure the murders stay hushed up, **Wildcase mystery science** Almost immediately afterward a initiating an operation lasting decades until it gets out of control and two people are heinously murdered in the California desert, **Wildcasino ag** This is an intelligently written book with very good action and humor, **Book cases under \$50** Black is not a detective but is a logical thinker with skills and knowledgeable people to back him up: **Bookcase plans** There are secrets galore and Russell does an excellent job at pulling on the tendrils revealing a little at a time and not showing the entire picture until the time is right: **Book wild seed** Brayton author of "Beta" for Suspense Magazine Paperback Wildcase is suspenseful and exciting with just the right mix of action and intrigue, **Book cases under \$50** I WOULD DEFINITELY RECOMMEND THIS BOOK TO ANYONE THAT WANTS A GOOD BOOK TO READ. **Wildcastle y8** IT WILL DEFINITELY KEEP YOU WONDERING WHAT IS GONNA HAPPEN NEXT. **Wildcase book** It reads so well I wanted to get to the next chapter to find out what happens, **Bookcase door** There are exciting scenes filled with action some romantic scenes and some out of this world less believable events where the author took plenty of artistic liberties, **Book wild seed** *I won a copy of this book in a giveaway thanks to the author and Goodreads. **Wild case walkthrough** His plots is more interesting than his character who is literally larger than life and yet oh-so-sensitive, **Bookcase door** The instant need for sex by every female who meets him is a little annoying as well: **Wildcase crime rate** The characters were stick figures particularly the hero a Mary Sue. **Book wild seed** Paperback Rail Black is a very wealthy individual and ex-delta force, **Wildcase book** He becomes is a deadly tangled affair when two of his friends are horrible tortured and murdered, **Wildcase crime rate** Along the way he uncovers a human smuggling scheme as he travels from the United States to Europe and Asia to reveal secrets, **Wildcasino ag** I second the notion that Russell is unique in his ability to grab the reader with edge of your seat action in the first 5 pages: **Wildcase crime rate** And Rail Black certainly is closest to the version of James Bond as played by Daniel Craig, **Wildcasino ag** It is hard to wait for the next installment of Rail Black. **Wildcastle y8** HAPCORP also produces motion pictures television and music and has Singularly one of the best books I have ever read. He lives hard loves hard and kills people. I loved the ending. This one . . well . . it'll drive you wild. The victims are a police buddy and his Chinese wife. Review written by Stephen L. I WAS GLAD I TOOK THE CHANCE ON THIS BOOK. IT HAD ROMANCE INTRIQUE AND PLENTY OF TWISTS AND TURNS. IT DEFINITELY DRAWS YOU IN. Paperback A great crime/mystery/suspense novel. Nevertheless it was well written clever and intriguing. I would love to read another book starring Rail Black. Paperback His hero Mr. Black is a bit fantastic a la Clive Cussler's Dirk Pitt. One can only handle so much steely eyed action. Paperback Did not finish. The body count keeps climbing as do coverups. Kudos to author Neil Russell. {site_link} In a desert town on the road between L.A. and Vegas all hell has broken loose . . . Wildcase (Rail Black #2).
