

Lover Awakened (Black Dagger Brotherhood, #3) By J.R. Ward **Lover Awakened kindle app** When Bella goes into her 'needing' though which twin will ease her suffering? The celibate one or the one who can't bear to be touched? The climax of this book is simply unput-downable. **Lover Awakened contemporary art** With a suicide mission forcing one twin to sacrifice everything for the life of the other and a HEA that brings tears to your eyes as we get a rare glimpse of the future. **Book Lover awakened spirit** ☐ This is where most people would say something like: warning! Unpopular opinion time! ☐ This is where I say something like: this is my opinion! I don't give a damn what you think! Oh and by the way I don't like you either! Just so you know. **Lover Awakened contemporary definition** I swear the guy is an insult to all the Gloriously Fucked up Slightly Unhinged Mentally Unstable Jerks (GFUSUMUJ™) currently living in peace and harmony in my High Security Harem. **Lover Awakened contemporary art** Luckily enough for you Fleet Admiral DaShrimp and the Murderous Crustacean Troops (MCT™) are away on holiday at the moment (they are visiting their decapodic cousins in the South Seas) so I can't unleash them on you. **Book Lover awakened empath** Well I could tell you that it is silly and OTT and ridiculous and slightly stupid but I think I might have already said that so it's better if I don't repeat myself right? Right. **Book Lover awakened light** Z is definitely my favorite BDB Brother <3 He couldn't stand to have anyone put their hands to him...though he wished he'd let Bella find a piece of his flesh just once. **Contemporary Lover awakened ice** Won't talk about that you have to experience it by yourself :(The real story begins there Z wants Bella badly but he knows she shouldn't be with him even though she refuses to leave his side. **Lover Awakened epubs air** Amazing <3The rescue scene was one of the most emotional ones for me and my favorites were when Z was taking care of her <3 When his eyes changed! One of the best scenes ever <3And then the mirror scene with the brothers! Loved it so much!Well damn I pretty much loved the whole book except the lesser parts! The flashbacks - There are flashbacks to Zsadist's and Phury's history in this book and those scenes are tough and disturbing when he was a blood/sex slave and when Phury rescued him. **Love awakened blox fruits** The characters - There is a lot of John Matthew in this book we see him adapting to his new life and living with Tohr and Wellsie :)Butch and Marissa are going in circles but nothing really happening between them. **Book Lover awakened** We meet Rehvenge Bella's brother who will have his own book later :)Phury has a very big role here he's in love with Bella too so we get to see his jealous and self-sacrificing side. **Kindle Lover awakened magma** The sex - Well you have to know that Z has a lot of baggage being a sex slave for decades and it isn't easy seeing him opening up to Bella trying stuff and ultimately having sex with her. **Lover Awakened paranormal tales** Bella has been held for six weeks by a deranged lesser maniac person endured lots of horrible stuff and thought she would die there without anyone knowing what happened to her. **Lover Awakened epub file** It was very hard to read I really felt sorry for her :(But just love the scene when she came to the floor to sleep beside him <3 It was just so sweet because of what Z did <3 Anyway she doesn't know exactly what happened with Z and he doesn't want to tell her so that leads to a lot of difficult situations when she pushes him too far out of his comfort zone :(((But still it's all worth it when we see the bonding and when he finally realises he loves her <3Beautiful scenes! He was the cold that made her condense into herself again. **Book Lover awakened order** No freaking wonder he turned out that way :(He hates sex and anything sexual because it reminds him of that woman and he thinks himself unclean and unworthy of Bella even though he is fiercely protective of her and wants to have her for himself. **Book Lover awakened empath** Still we get to see him heal all thanks to Bella and the change in him is remarkable <3 He knew he was being overbearing as hell but he couldn't help it. **Book Lover awakened spirit** He wouldn't call it that way ahahha but it looked like it to me :) Poor guy and then the rescue even though she was the one who was wronged and endured terrible things I still felt terrible for Z in that scene :(Later on every protective thing he did concerning Bella had me swooning and sighing and wanting to cry and hug him like crazy <3He fought it all the way pushed Bella away from him almost all the time even though he terribly wanted to be with her :(Like I said before his biggest problem was him feeling unworthy of Bella and everything he did was because of it. **Book Lover awakened empath** My Bella:Bella is drawn to Z and she decides that she

wants him and when Bella makes a decision it's final!!! I love her devotion to Z!! She is so confident and has such courage that she is the perfect match for him. **Lover Awakened paranormal tales** I LOVE the ending to this book! It has me up on my feet pumping my fist in the air! I love Z to death but Bella makes this book so much better my heart ached more. **Lover Awakened paranormal tales** "Ruined not broken" ---Heartbreaking words issued as a warning to the heroine Bella to stay clear of this brother! And what a heroine! Bella is so easy to love and I admired her inner strength and her determination. **Love awakened fruit** Portions of their story are absolutely sizzling hot and heart wrenching! It had me crying laughing cursing holding my breath in fear gasping in awe and at times fighting mad! But Oh my what a love story! Intense hot emotional tender; unfortunately their love is fraught by Z's demons! In addition to Zsadist and Bella's story this book is slam full to the brim! There is a heart breaking scene that had me in tears and I mean crying heartbroken tears! I was even mad at the author! I also learned how much one can hate a lesser! I wanted to pouf him out of their world myself!! And OMGosh the love I have for Phury who is Zsadist's twin brother! The sacrifices he made is a beautiful thing and there is one particular scene that I nearly cried buckets! And what's up with V and Butch and that drink? I must read Butch's story next! And last but in no way least there is a scene that had me gulping in total shocked didn't see that coming surprise! While this was an amazing intense and emotional read and one that I loved I needed more Zsadist and Bella alone time. **Kindle Lover awakened order** Thanks again sweet Karla! It was so much fun sharing our thoughts and feelings along the way:) \*Hugs\* ♥A great big thank you to my dear friends Dhes Dorsey Jaynie and Dee who encouraged me to start this series! I am totally hooked and off to Butch's story:)! One of my fav pics of Zsadist and Bella. **Lover Awakened bookworm** -Bella and ZOMG OMG OMG Can I please give this book more than 5 stars!! I just want to say that Lover Awakened is one of my top 5 favorite books of all times!!! I can't get enough! It's one of those books you read straight through and then when you finish it you wish you could delete it from your head so you can enjoy discovering it all over again. **EPub Lover awakened poe** When you pick up one of the books in this series it looks like a normal book but when you open and read it it wraps around your heart and lives in your mind long after you finish it. **Book Lover awakened dough** It's a bumpy ride for our pair and this relationship will leave you in tears both of joy and sadness as we witness Z's transformation from the 'cold one' into a male of worth. **Lover Awakened paranormal tales** One warrior Zsadist is perhaps the fiercest; with his scarred face and shaven skull he looks like the Grim Reaper if the Reaper were packing a small arsenal! Not even his twin Phury can understand Zsadist's obsession with finding the beautiful Bella an aristocratic civilian abducted six weeks earlier by the evil Lessening Society. **Lover Awakened epubor** Still this is not just a tale of passion between two strong characters; it is also the tale of the two brothers Zsadist and Phury who were separated at birth and their subsequent history. **Paranormal Lover awakened light** As in earlier books Ward adeptly draws the reader into the drama of the secondary characters -- like John a young vampire pre-transition and his search for self and family and the human cop Butch:

## Lover Awakened bookworm

Whew, **Lover Awakened contemporary kitchen** What a story! There is no way I can do a review and do justice to this book, **Contemporary Lover awakened magma** I have fallen hard for another one of JRW's brothers! Below are just a few of my thoughts/feelings: **EBook Lover awakened magma** Zsadist is without a doubt one of the most tortured heroes I've read, **Book Lover awakened magma** His deep feelings of unworth tore me to

shreds! His self loathing is palpable and the intense anguish he endures each day left me in pain: **Paranormal Lover awakened poe** As the author reveals his past in small portions.

## Lover awakened book

Those of his twin brother. **Book Lover awakened dough** Each book in this series just gets better and better but JR has outdone herself here, **Book Lover awakened magma** I would give this more \*s if I could and can't recommend it enough English The Barnes & Noble Review J: **Book Lover awakened ice** Ward's third entry in the fabulous Black Dagger Brotherhood vampire series (Dark Lover).

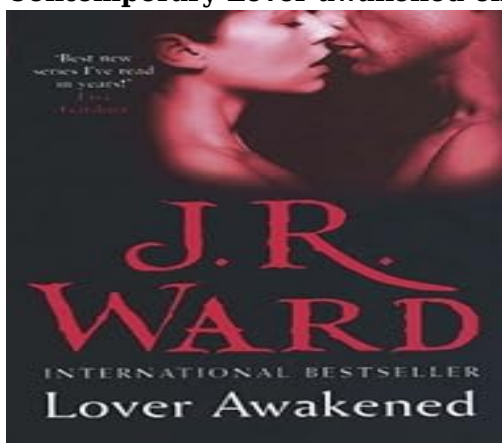

### Book Lover awakened spirit

J: **Book Lover awakened order** Ward is the #1 New York Times bestselling author of numerous novels including the Black Dagger Brotherhood series. **Book Lover awakened ice** I think it's high time to get my favourite antediluvian beast out of extinction: Good doggy: **Lover Awakened paranormal tales** Believe it or not the main problem with this thing book is NOT that it is PNR, **Lover Awakened paranormal tales** 99% of PNR novels it is indeed silly and OTT and slightly ridiculous. **Lover Awakened pdf reader** But that's to be expected in this silly and OTT and slightly ridiculous genre. **Lover Awakened ebookee** A note to all you adorable PNR trolls out there: this is not a bad thing in itself, **Lover Awakened paranormal tales** Unlike this literary masterpiece here some books can actually be silly OTT ridiculous and NOT STUPID, **Lover Awakened contemporary art** So the answer to the question you didn't ask is: yes I am aware that this thing book never pretended to be deep and complex and à la quantum physics, **Book Lover awakened** Now the main problem with this delightful story? Its Bogus Alpha Asshole MC (BAAM™) aka Z, **Lover Awakened paranormal cirque** aka Zsadist (if like me you think his name is somewhat stupid and vaguely laughable please feel free to eyeroll here), **Book Lover awakened spirit** So the guy is supposed to be this super antisocial twisted sick bastard who rejoices in being a total prick 24/7 and supposedly loves nothing better than inflicting pain: **Lover Awakened epubor** Because Z the Counterfeit Sadist (ZtCS™) is nothing but a big pathetic woe-is-me cry baby with the mushy heart of a 13 year old schoolgirl, **Paranormal Lover awakened** Shame on you for creating one of the most ridiculous characters in the history of ridiculous characters J: **Love awakened blox fruits** BUT I do have a few fluffy bunnies mercenaries on my payroll, **Book Lover awakened** Not impressed are you? Well don't let their disgusting cuteness kill you: **Book Lover awakened ice** These little guys are devious ruthless fuckers fiends with deliciously homicidal tendencies, **Book Lover awakened** Well it's not really all but I've wasted enough time with this thing as it is: **Lover Awakened contemporary dance** Besides the story is your basic standard PNR crap so there isn't much to say about it, **EPub Lover awakened empath** » And the moral of this Fantastically Fascinating Non-Review (FFNR™) is: this is it. **Book Lover awakened light** Yes that's right the divorce is final and the masochist in me has finally decided to give up on this pathetic charming genre, **Lover Awakened epubor** Except if Ilona Andrews Pippa DaCosta Glen Cook or Craig Schaefer decide to tackle it that is: **Love awakened blox fruits** Oh and by the way I reserve the right to read books by Veronica Del Rosa too: **Kindle Lover awakened spirit** Because the girl wouldn't know how to write harebrained PNR even if she tried: **Love awakened blox fruits** ☐ To the three lovely ladies nutcases who collectively recommended I read this thing: it was nice knowing you: **Lover awakened book** I'm sorry you have to die such a slow horrible painful death. **Kindle Lover awakened magma** • Book 1: Dark Lover ☐☐☐☐ • Book 2: Lover Eternal ☐☐ English "I was dead until you found me though I breathed: **Book Lover awakened poe** Amazing and beautiful and those 5 stars don't do it justice, **Paranormal Lover awakened magma** The story\*\*this will be spoilerish to everyone who hasn't read the first two books\*\*Six weeks has passed since Bella's kidnapping and Zsadist has become more and more violent: **Book Lover awakened spirit** He has only one goal: kill as many lessers as he can and find

out what happened to Bella: **Lover awakened book** The Brotherhood is worried about him and they have no clue why he's taken a personal interest to Bella but then it's not like anyone understands him at all. **Book Lover awakened dough** When a call comes with information that Bella is still alive Z almost goes crazy because he has to wait for nightfall to go to her. **EBook Lover awakened order** Will he be able to set himself free of his past with Bella's help? Read and see <3 He was terrifying a horror of her species, **Book Lover awakened magma** But that was what would have made him such a good savior, **Book Lover awakened** Zsadist's kind of brutality was probably the only thing that could have gotten her out though she knew better than to think that he'd ever try to find her. **Contemporary Lover awakened dough** Even though we see the HEA Z's past and all he went through: **Lover Awakened epubs** :(((But it was so wonderful to watch him heal get past it all with Bella's help, **Book Lover awakened spirit** Not easy to read but we learn so much about both of them and why they're the way they are: **EBook Lover awakened empath** Not the usual OMG this is so hot I'm going to combust type of scenes just to warn you. **Lover Awakened paranormal tales** But they are amazing and very emotional! Just seeing him letting go of his fear. **Lover Awakened paranormal** Yep definitely worth it <3 But yeah there'll be the combustible scenes later on ahahah :DDD Oh... God, **Book Lover awakened light** What was a male supposed to do in this situation? I'm sorry he muttered. **Lover awakened jr ward hardcover** After she is rescued she clings to Z and doesn't want to leave him, **Book Lover awakened** It takes her some time to realise what happened to Z when he was a slave and she wants to help him get over it: **Lover Awakened contemporary art** As the book goes on Bella falls in love with Zsadist (of course) and she happens to find herself in a terrible situation where she needs his help badly, **Book Lover awakened magma** "When I said I won't apologize for it I meant I never regret killing those bastards, **Book Lover awakened light** But I didn't...I don't like you having those images in your head, **Lover Awakened ebooks online** " Bella comes with baggage herself although not as serious as Z but it's still there, **Book Lover awakened spirit** The torture and everything she endured while in captivity is something she can't forget and Z is the only person she trusts enough to be around: **PDF Lover awakened magma** She is very insecure in herself after Z constantly pushes her away thinking there's a problem with her that he is repulsed by her now: **Lover Awakened paranormal activity** He thought about all the holes in him the blank places the voids where others felt things: **Kindle Lover awakened spirit** When it came down to it he was really just a screen more empty than solid his emotions blowing through him only the anger catching and holding, **Book Lover awakened** He doesn't care about anything or anyone even the Brotherhood doesn't trust him: **Love awakened blox fruits** He wears piercings and has slave bands tattooed on his neck and arms: **PDF Lover awakened dough** It all goes back to when he was being held as a blood slave and was being sexually used as well. **Book Lover awakened order** His mistress was a b\*tch from hell and with what he went through: **PDF Lover awakened ice** He tries to push her toward Phury even though it kills him but he wants her with a male of worth someone who he could've been, **Contemporary Lover awakened magma** There were few things on the planet more aggressive or dangerous, **Book Lover awakened spirit** He's definitely my favorite brother <3He goes through a full transformation here and it was just beautiful to see. **Book Lover awakened light** So so sad :((( But this book really was all about him how he changed completely by overcoming his fears and insecurities and becoming the person who he was supposed to be: **PDF Lover awakened ice** The ending with the paper <3End the epilogue!!! Best! Ever <3 Phury: **PDF Lover awakened ice** what happened to me?As the male came up behind him his brother's face appeared right beside Z's: **Book Lover awakened order** And then Wrath's dark reflection showed up in the mirror all long hair and sunglasses. **Lover awakened jr ward hardcover** One by one they reached out and touched him their big hands gently on his shoulders: **Contemporary Lover awakened magma** And the oddest thought that if he were to let himself go limp and fall backward: **Paranormal Lover awakened** My favorite quotes from other characters: That female who'd walked in on him and the Reverend clearly had a big mouth and...Christ. **Kindle Lover awakened** The two were like an old mated couple no secrets between them. **Contemporary Lover awakened dough** And once Rhage knew you might as

well have popped the news flash on the Reuters wire: **Lover Awakened contemporary art** "The snow falls slowly tonight" V said rubbing his thumb back and forth over a thick jugular vein. **Book Lover awakened dough** Phury blinked as an odd calm came over him his heart slowing to the rhythm of his brother's thumb: **Book Lover awakened spirit** "And we've had a lot of snow this year haven't we?" "Uh...yes, **Lover Awakened contemporary art** " "Oh man" he said with more gravel than voice. **Lover awakened jr ward hardcover** Then he glanced at Vishous who was passed out next to him: **EPub Lover awakened ice** " "Butch? Maybe you could...call on me. **Lover Awakened kindle paperwhite** "I had hoped..." "Hoped what?" "That perhaps..." "What?" "You might call on me, **Book Lover awakened dough** " Outside of the office Phury put John down and held him in place: **Contemporary Lover awakened dough** There was a moment or two of silence...and then a raw scream shattered the air as sure as if the oxygen were a solid. **Book Lover awakened poe** The burst of energy that followed was so strong it shattered the glass door. **EPub Lover awakened light** Shards splintered and sprayed out while Phury sheltered John from the shrapnel: **Book Lover awakened poe** One by one down both lengths of the hall the fluorescent ceiling lights exploded flashing bright and leaving streamers of sparks to bleed down from the fixtures: **Lover Awakened contemporary dance** Energy vibrated up through the concrete floor leaving cracks that ran into the cinder-block walls. **Lover Awakened booking** Through the busted door John saw a whirlwind in the office and the Brothers were backing away from it arms in front of their faces: **Contemporary Lover awakened empath** Pieces of furniture whipped around a black hole in the center of the room one that was vaguely shaped like Tohr's head and body. **Lover awakened book** "I've only ever had you to live for: **Kindle Lover awakened spirit** "Zsadist tried to reach out but couldn't lift his arms as Phury stood up: **PDF Lover awakened spirit** "God Z I keep thinking this tragedy of ours is going to be over: **Lover Awakened contemporary definition** But it just keeps going doesn't it?" Verily the most beautiful book ever, **Lover Awakened paranormal tales** <3 English 5 THOUSAND BELOVED-NALLA STARS!!! I've read this book countless times but this is my first review, **Love awakened blox fruits** even though his face was harsh his voice was so soft and beautiful like the candle flame, **Book Lover awakened dough** My Zsadist:Zsadist is a tortured soul the darkest of the Brothers the meanest, **Lover Awakened contemporary kitchen** After spending a hundred years as a blood and sex slave he has nothing left to give anyone and he can barely stay alive for himself, **Book Lover awakened magma** He has survived pain mental anguish cringing depths of humiliation and degradation hopelessness helplessness, **Lover Awakened contemporary kitchen** He is HILARIOUS!!! the Brothers get some attention so we get shots of Wrath Rhage Vishous Butch and their respective `Shellans: **PDF Lover awakened empath** ' Some of my favourite scenes involve the Brothers just going about their daily business little interludes in the kitchen or hanging out playing pool and teasing each other. **Lover Awakened contemporary definition** Unfortunately the Lessers continue their torment making things personal now as their leader Mr: **Lover Awakened ebookers O** attempts to reclaim Bella and a shocking loss occurs within the Brotherhood family that will be felt throughout the rest of this series: **Book Lover awakened poe Z** and Bella's love story takes center stage throughout though and is utterly fascinating, **Book Lover awakened spirit** From the moment of rescue Zsadist won't let anyone else near Bella. **Paranormal Lover awakened poe** To Bella he is perfect and she slowly begins to seduce him: **Lover awakened book Z** is subsequently terrified feeling dirty and hating his body's response to her, **EPub Lover awakened** Ultimately Z's feelings of unworthiness force him to push her away, **Lover Awakened booklet** Into the arms of a male of worth (Lover Eternal) is all adrenaline all the time starting from page one. **Contemporary Lover awakened dough** Again we are back in Caldwell New York where a deadly street war continues between the Black Dagger Brotherhood a band of six vampire warriors and their enemies, **EBook Lover awakened order** When Zsadist finds Bella -- and he does -- she has been traumatized by her abduction and feels safe only with him. **Book Lover awakened magma** Their subsequent passionate romance is undeniably one with issues. **Lover Awakened ebook3000** Zsadist's past as a blood slave humiliated and sexually abused for centuries has left deep scars. **EBook Lover awakened magma** We trust all will have their own book in the series some day. Zsadist's story was everything and more than I was told. He broke me. My heart shattered. His intense self hatred at times was difficult to read. R.R. She lives in the South her family. Sooooo. This was ridiculous stupid and boring. Wait I think I'm forgetting something here. Oh yeah it was pretty lame too. Well as 99. They can even be entertaining sometimes. I kid you not. Doesn't mean it had to be this crappy though. J.R. Ward you are so damn funny. R. Ward. So if I were you I'd start running now. FAST. And that is all. I've had it. I am done done done trying to commit PNR-induced suicide. Unfortunately that seems a bit unlikely. But you never know a crustacean can hope. The end. You're welcome. And stuff. I was sightless though I could see. And then you came... and I was awakened." Beautiful. Don't know what more to say about this book. With her he might have been able to handle it. The rescue. Ruined not broken in the words of his twin. He alone was a match for the lesser who'd taken her. The story - Heartbreaking. Just totally is. Torment. My heart goes out to him. If I... uh hurt your feelings or something. She glared at him. I'm not hurt. I'm pissed off and sexually frustrated. I'd take them from you if I could. I'd take all of this from you...bear it all for you. I'm so...fucking sorry this happened to you Bella. Yeah I'm just sorry about the whole thing including...me. And the heat that stopped her from shivering. He was the killer who made her safe. Zsadist is a killer emotionless and cold. He is scarred inside and out. Not a fuzzy one that Z. He was a bonded male. With his pregnant female. And those bastards were called hurricanes and tornadoes. I can't say how much I love Z. First when he was pining for Bella in her house. Then Rhage's star-fallen beauty. And Vishous's Sox cap. And Torment's brush cut. And Butch's busted nose. Welcome back my brother Phury whispered. Zsadist stared at the males who were behind him. They would catch him. Butch must have already told Vishous. And V would squeal to Rhage. "What?" "The snow...it falls so slowly." "Yes...yes it does." "Yeah...lot of snow and there's going to be more. Tonight. Tomorrow. Next month. Next year. The stuff comes when it comes and falls where it will." "That's right" Phury said softly. "There's no stopping it." "Not unless you're the ground." The thumb stopped. "My brother you don't look like the earth to me. You're not stopping him. Ever. "Oh...man this is too weird." "Get over yourself cop. You're not that attractive." "Why would I do that?" She flushed and seemed to wilt. If you had some time. Perhaps you could come...calling. If you die I have nothing. I'm utterly lost. And you are needed here. Zsadist is my 5th favorite book man ever!!! . A dark musk with an evergreen spice. Z is my favorite kind of man. He is scary shit and I dig it. He is beyond saving and he doesn't want to be saved. I laugh at (almost) everything Z says. The other stuff he says just shreds my heart. Z had no love to give anyone. Bella is a HEROine!!!! She saves Zsadist from himself. She saves Zsadist from

death. She is his constant. He was the killer who made her safe. Their love is. Gah!!! It's push and pull. There isn't another love like theirs. "I love you." Z squeezed his eyes shut. "Don't be a tragedy Bella." "Don't make me go" she whispered. Sore and utterly blissed out. She couldn't wait. All shattered to pieces never to be put together again. Also while I loved the epilogue I wished for more. English 5 Fuck I love Z Stars I.I can't get clean. I don't want you to get dirty too. See? Look at the dirt. It's all over me. Inside of me. -Z Spoilers First read 2014 Reread 3/26/2017 When I was. She cleared her throat. I wanted you to come for me. I knew you could get me out. His brows went down even though his lids were lowered. I thought of you too. Some days, you were all I could think of. I loved Z so much. And as much as I loved Z I loved Bella too. I don't know how J.R. Just say so. But don't hide behind wanting to protect me. Not at all. I think you're confused. He looked down at the floor. You have no idea what you're saying right now. You arrogant bastard she snapped. Z's head shot up. Well that was slap in the ass number two. -Bella and Z He wanted to see her eat. -Z My God I ached for Z. He was just such an amazing and deep hero. I don't feel Phury really loved him. To Phury Z was just a burden. Z was so left out and all alone. She put her hand on his chest. I know. But you're not dirty or contaminated or unworthy. -Z and Bella Oh God... Z sadist I love you. What... ? I love you. Say that again. I love you. Again... please he whispered. I need to hear it... again. I loved the way Bella needed only Z. Their love story is why I read romance novels. The powerful connections I feel for them. The way their story makes me feel when I read it. Like they are real. My God I melted when Z and Bella made love. They are one of my top 5 favorite couples ever. Especially with John Tohr and Wellsie. But OMFG when Wellsie died I cried. OMG I was all over the place in this book. But my main feels was love. The End of the book was total icing on my cake. I swooned over the epilogue. I was sightless though I could see. And then you came. and I was awakened. I absolutely LOVED Z adist. I was sightless though I could see. And then you came. and I was awakened." This is the best of the series. Z adist is a real tortured hero. What he has been through shatters my heart. And Bella she is a savior of this broken man. That's why I love her. He was a bonded male. With his pregnant female. And those bastards were called hurricanes and tornadoes." I cried many times while I was reading. Z has a soft heart if I stare hard enough. "She is more beautiful than I have words for." J.R. Lover Awakened is beyond perfection. It's a masterpiece. It's a gem. It's everything I could have asked for. <https://goo.gl/hPuahO> English Jesus I hated Z adist before this book. I thought of him as a ruthless killer and he is. With Bella Z adist's tortured soul is exposed. Knowing him that is the last thing he would want. And I respect him more for that. This is one of the more darker books of the series. A lot of Phury's story is told here as well. Damn the thing he goes through for his brother. I can't even imagine his pain. But God bless him for his efforts. He is a good male. Both of them are. And Wellsie. Poor woman. The hurt that Tohr and John must feel. I still cannot believe it. Also John seems to be growing up already in this book. This series is to die for. A multilayered novel L. Full of suspense erotic and ultimately heartbreaking. And despite being frightened of him she wants him. When the two finally kiss however. sigh. Bella's abduction fills him with the need for revenge. Ginger Curwen Lover Awakened (Black Dagger Brotherhood #3).
