This is a well written fictional tale that could very easily occur now: It is set in a climate where the war on terrorism caused a third world war: This new war cause such devastation that the world would do anything for peace even give up some of their freedoms: The controlling world government took authority on everything including religion. This is a story about a Christian family's struggle to resist this government. It was a great read and would recommend it to anyone. Unknown Book 12735277
