This new Young Adult paranormal series will have you averting your eyes for years to come! NEVER EVER lock eyes with a Night Marcher! Everyone in Hawaii has heard this warning except for seventeen-year-old Emma Townsend that is. **Night marchers hawaii legend** When she is forced to move with her father to Hawaii only months before her graduation Emma finds that her world as she knows it is shaken when she starts seeing the unexplainable: fire balls in the distance beating drums in the middle of nowhere and strangers who vanish into thin air. **Night Marchers Short stories online** Then one day when she has a run in with a procession of Night Marchers ancient Hawaiian spirits wandering from their burial grounds to their locations of battles past Emma has no choice but to believe that the unbelievable does exist. **Night marchers book** Now Emma must go on the run with the help of a mysterious stranger as they seek out how to free Emma from the curse of a Night Marcher who will stop at nothing to get her soul. **EBook Night marchers fracture** Be prepared to be up late reading! Can't wait to read the next book! ~Marella4 The story is original thrilling includes several twists in the romance department and in the supernatural content as well. **Night marchers hawaii** ~Sally I am always interested in things based in some kind of paranormal truth and this story didn't fail to impress with the authors obviously having taken a great deal of time to do their research. **Book Night marchersmedia twitter** The storyline moves at the pace of a snail the writing goes back and forth between past-tense and present-tense so often that it's difficult to keep up and the dialog is cheesy. **Night Marchers Literature fictional** The ending was the best part as it wasn't a predictable one it shocked me a little actually it was just the beginning that bored me after she met Kai everything heated up a little and i was able to sit up and atually think 'hmm this is better' the next one should be good and it intrigues me as to what will happen. Something as simple as placing a comma became eye-piercingly glaring after it kept happening over and over again. **Night Marchers Short stories pdf** Example: "Boy she's full of questions today isn't she Kai?" Uh huh. **Night marchers the book** This book could have easily been a 4 star or higher if they had hired an editor: **Night marchers illustrations** I have never been so

distracted or annoyed by a book in a long time, **Night Marchers kindle** A good editor could have definitely helped with content (the story needed some trimming) and punctuation and grammar, **Night marchers hawaii legend** I really hope in the future that the authors invest money in their work so this story can shine like it wants to. **Night marchers stories** I desperately want to recommend this book.

Rebecca Gober was born in Houston Texas in 1982 and spent most of her life growing up in Dallas Texas, **Night Marchers Short stories** In between working full time being a wife and mother of two Rebecca has never let her passion for reading and fiction fall through the cracks, **Night marchers song** Since then Rebecca and Courtney have gone on to write Redemption the sequel to Night Marchers and three books in The ELE Series: Project ELE Finding ELE and Exposing ELE, **Night marchers book** In between working full time being a wife and mother of two Rebecca has never let her passion for reading and fiction fall through the cracks, **Night Marchers ebooks free** Since then Rebecca and Courtney have gone on to write Redemption the sequel to Night Marchers and three books in The ELE Series: Project ELE Finding ELE and Exposing ELE, **Night marchers the book** In addition to being an author of six successful books Rebecca is the CEO of Clean Teen Publishing. **Short Stories Night marchersmedia twitter** A new publishing company that opened their doors in early 2013 whose content ratings for every book published gives them a unique presence in the market, **Night marchers hawaii** Rebecca and Courtney are downhome country girls powered by chocolate and other random late night cravings. **PDF Night marchersmedia twitter** Coined in southern twang they bring new meaning to the word y'all: **Night marchers band** BFI's since the 6th grade with a knack for getting into sticky situations has resulted in countless ideas to write about for years to come: **Night marcher radio rental** When Rebecca is not working or writing you can find her spending time with her family and her not so little puppy Neo: **Night marchers of hawaii origin** {site_link} I wavered between 2 stars and 3 but finally decided it's probably a 2,

Book Night marchersmedia twitter I can't review this book without breaking down the elements that I liked and didn't like, **Book Night marchers fracture** WHAT I LIKEDThe Supernatural ElementIt was refreshing to read about something other than vampires werewolves fae etc. **Night Marchers Literature fiction bookpedia** The Night Marchers were very well described and quite chilling. **Night marchers band** I also liked the Menehune and how they were woven into the storyline, **Night marchers of hawaii** The SettingI was drawn to this book because of the synopsis: **Night marcher radio rental** The descriptions of Hawaii from the landscapes to the people were very well done. **PDF Night marchers meaning** The CharactersEmma the main character did not come across as a special snowflake, **Night Marchers Literature fiction** If anything she seemed like a regular 18 year old girl on the cusp of graduation from highschool, **Night marchers of hawaii origin** I liked her relationship with her best friend and her father: **Night marchers book** Also the fact that her mother had disappeared when she was very young added an intriguing dimension, **Night marchers hawaii legend** How could she just disappear into thin air?Tristan and Kai are both fairly well-developed for love interests. **Night marcher photo** Tristan came across as quite sweet while Kai was a bit more mysterious. **Night marchers esports** I liked both young men quite a bit but I kept thinking Tristan felt terribly unnecessary. **Hawaii night marchers book** WHAT I DIDN'T LIKEThe Love TriangleIt felt completely unnecessary. **Night marchers urban legend** More than half of the book is dedicated to setting up a sweet romance with Emma and Tristan before Kai moves to center stage of the story and Emma's heart. **Night marchers urban legend** In fact the first half of the story felt like a contemporary coming of age story set in an exotic location: **Book Night marchers fracture** I don't even want to touch on the creepy notion that a woman's sexuality either belongs to her father or husband. **Night marchers hawaii** *shiver* The father in the story is not overtly religious in any way so this seemed really forced. **Night marchers of hawaii origin** The father is a paranormal investigator not a minister or uber-religious sort so it just felt, **Book Night marchersmedia twitter** Plus Emma does a fair amount of making out with two different boys: **Kindle Night marchers** In the end it seemed to serve no purpose but to support the authors' religious viewpoint on the subject, **Hawaii night marchers book** The EditingI want to state that I believe the two women writing this series are actually very creative and promising writers: **Night marcher radio rental** They can obviously weave a story write vivid descriptions and create interesting characters: **Night marchers molokai** I have read many Indie and traditionally published works where typos inverted words or even a misspelled word somehow slips past the editor and copyeditor. **Night marchers urban legend** It was a little distracting in the beginning because the story is actually quite compelling at its core, **Night marchers the book** It saddens me to write this review because I know if the novel had been properly edited it I wouldn't have hesitated to give it at least 4 stars: **Night Marchers epubublishing** Young Adult Short Stories Literature Fiction I don't understand why this e-book has high ratings: **Book Night marchers** The worst is that nothing happens until the middle of the book, **Short Stories Night marchers** I even wonder if it has any plot beyond Emma and his father moving to Hawaii : **Book Night marchers meaning** I repeat do not understand what so many people saw in this book. **Night marchers of hawaii origin** Young Adult Short Stories Literature Fiction Sadly I was not able to finish this novel: **Night marcher radio rental** I do not mean any offense to the writer(s) and don't want to stir any drama but this is my honest opinion of the book. **Night Marchers ebookee** I liked that it was different than anything else out there in the extremely popular YA genre, **Night marchers caught on camera** The problem had actually nothing to do with the story though, **Hawaii night marchers book** I had a huge problem continuing the novel because of the many grammar and spelling mistakes I found not to mention the constant switch between the past tense and present tense, **Night Marchers ebookee** Now I realize that this e-book was a freebie and that it was self-published (maybe) and that writing a book is a huge feat. **Night Marchers kindle books** I myself have written two books and it's hard as hell! They may not be published or super popular but it takes a lot of work to finish a novel period, **Night marchers hawaii legend** The most dreaded part about writing is the editing in my opinion: **Book Night marchers fracture** And to be quite frank this book

desperately needs an editor: **Book Night marchersmedia twitter** There were simple mistakes that distracted me from the overall story such as spelling errors and the constant change between past and present: **Night Marchers kindle unlimited** This drove me crazy because I wanted to continue reading the book but I was unable to ignore it any longer: **Night marchers song** No one is perfect and I understand that mistakes are inevitable especially in writing but this was a little too much for me to ignore. **Night marchers oahu** Unfortunately another thing that really put me off about the book was the whole deal with the 'purity myth' that the main character Emma has subscribed to, **Night Marchers Short stories for children** I have no problem with girls who want to abstain from sex, **Book Night marchersmedia twitter** My main issue is with girls who have fathers who buy them purity rings at the mere age of thirteen: **Book Night marchers fracture** As a feminist I am deeply against fathers brainwashing their daughters with the purity myth. **Night Marchers ebooks free** This may be a work of fiction but it's intended toward the young adult audience, **Night Marchers kindle store** I myself am 22 years old but it still bothered me when I read the part where Emma explained why she was saving herself for marriage. **Book Night marchers meaning** It felt like she was only 'saving herself' for her God and father: **Book Night marchersmedia** What about herself? Perhaps the author(s) and I differ in this opinion but it just rubbed me the wrong way: **PDF Night marchers** Perhaps I am biased after reading The Purity Myth by Jessica Valenti: **Night marchers book** I think their story is brilliant and I would have loved to finish it: **Night marchers drawing** I was just too distracted by the flip between past and present and the grammar mistakes, **Night Marchers Short stories for adults** Yes some things did happen and the whole night marchers sounded interesting, **Night marchers song** It didn't help that Emma the MC annoyed the crap out of me either, **Book Night marchers fracture** and I just kind of blacked out whenever she was involved (so basically the whole book), **Night marchers song** Besides Emma there was Tristan and Kai - they were kind of interesting but it didn't help with the book. **Night Marchers Short stories online** I just feel like this book was creepy and it made me cringe sometimes, **Book Night marchers meaning** I get that it works in some families that are super religious but not my family and I'm Catholic: **Night marchers hawaii** I honestly have no idea how I got through it because I had zero alcohol: **Night marcher radio rental** Maybe it was because work week has been so crazy that I didn't really notice how slow I was going through this, **Book Night marchersmedia twitter** I wish this book was more entertaining than it was so that I could've been more invested into the characters or the story - but it wasn't: **Short Stories Night marchers pdf** Young Adult Short Stories Literature Fiction Oh my goodness oh my good ness OH MY FRICKIN GOODNESS!!! This book started out iffy. **Hawaii night marchers book** Suddenly with Tristan gone for two weeks she goes to this amazing waterfall Tristan showed her and gets lost: **Night marcher photo** Night comes she drops her phone and hears eerie (is that how you spell it?) drums: **Night Marchers Short stories for children** She sees the night marchers! Mysterious hot guy #2 now shows himself and saves her. **Night marchers of hawaii origin** But not before she makes eye contact with a night marcher falling under the curse: **Night marchers caught on camera** The Night Marcher will now hunt her down until he stabs her with his spear. **Night marcher photo** After running away from said Night Marcher with hot guy #2 she breaks her leg and hot guy carries her to his tree house, **Night marchers hawaii legend** there Emma learns that his name is Kai and he gives her a soup to heal her leg, **Hawaii night marchers book** Her leg heals abnormally fast and Kai agrees to help her break the curse, **Book Night marchers meaning** And how does she do that? She kills this insanely strong thing with it's own spear: **EPub Night marchersmedia** Kai also reveals that the evil night marcher after her is his twin brother Kao. **Night marchers of hawaii origin** super super SUPER good book!!! Young Adult Short Stories Literature Fiction

This special edition of Night Marchers was recently professionally edited: **Night marcher radio rental** For most Hawaiians know that looking into the eyes of Night Marcher can strike a curse that will end in death or eternal servitude: **Night marcher radio rental** Even though her father who is a paranormal investigator solely raised Emma she has little experience in the realm of the supernatural: **EBook Night marchers** *We hope you enjoy this new edition of our best selling free book which has had more than 100000 downloads, **Night marchers of hawaii origin** Praises for Night Marchers: I read books but this one took me on a wild roller coaster ride of emotions, **Night Marchers kindle store** By the time I got to the end I could not wait to pick up the second one and see where the story went: **Night marcher radio rental** ~Chantress Night Marchers (Night Marchers #1) Emma Townsend is your average teenager that has recently received the shock of her young life: **Night Marchers kindle unlimited** Her father a paranormal investigator hiking to special place Short Stories Literature Fiction I can't believe I read as much of this book as I did: **Night Marchers Short stories for teens** By almost halfway in I still had no idea what the main plot of the story was, **EBook Night marchers** All I read about was how pretty Emma's room was and how cute Tristan was: **Night marchers hawaii** Honestly I kept waiting to find out that Tristan was gay. **Book Night marchers** I don't mean to be insulting to the author; however I would strongly suggest she find herself an editor before publishing her next book: **Book Night marchersmedia twitter** The errors in Night Marchers were plentiful and extremely distracting from the story. **EBook Night marchers fracture** Young Adult Short Stories Literature Fiction This book is HORRIBLE: **Book Night marchers fracture** There's so many grammar errors that I can't properly enjoy the story, **Night marchers song** I should not be yelling COMMA multiple times on each page when there should have been a comma yet I found myself doing that. **Book Night marchersmedia twitter** I do not understand how this book has so many 5 star ratings: **Night Marchers epub file** Young Adult Short Stories Literature Fiction It's a really really good book don't get me wrong, **Night Marchers ebook3000** But how can i say this I'm not crazy about it normally i'm in a book like in in it but with this i wasn't. **Hawaii night marchers book** I could put it down half way and i wouldn't be rushing or feeling the need or desperation to get back into it and finish it off: **Night Marchers epub.pub** I read it twice as at first i lost the plot of it all: **Night Marchers Short stories for children** It was an easy and simple read a tad boring at times but it was good: **Book Night marchers fracture** Overall a well written book slow start but good ending! I would reccomend too although I've only given it a 3/5 It does get better as you go along: **Night marcher photo** Young Adult Short Stories Literature Fiction Emma is forced to move to Hawaii when her dad gets a job to do a documentary about the paranormal activity on Kauai. **Night marcher photo** She meets Tristan and forms a relationship with him all while being stalked by another mysterious guy, **Night marchers the book** Emma is warned not to stay out after dark but does so anyway and soon finds herself staring at a Night Marcher forming a curse: **Night marcher radio rental** Mystery guy Kai saves her temporarily and introduces her to a special race of beings called the Menhunes, **Hawaii night marchers book** Well that is a few hours of my life I won't be getting back, **Night marchers song** It wasn't the worst story I've ever read but it did hit a bunch of my pet peeves too

many to list. **Short Stories Night marchersmedia twitter** I think what is most disappointing is that if you strip away all the crap there are elements of this story that really could have been great, **Night marchers the book** I like the idea of the Night Marchers stealing your soul if you show them disrespect. **Night Marchers ebooks online** I even liked that Kai took Emma's place and inadvertently freed his evil twin brother: **Night marchers band** There were so many tidbits in the story that sounded like they would be important but then led nowhere (like her father's documentary) The love triangle was ridiculous[1]

But it only grew worse as I read on. Even basic punctuation disappeared.that happens all the damn time. I kept grumbling Hire an editor over and over again. Her father's job is researching the Night Marchers. Emma and her father settle into their new lives. Emma admits to herself that she likes Tristan very much. Until Emma becomes lost near special place close to dark. Emma also has feelings for Kai yet for Tristan as well. She feels like she's being torn in two because of it. Ending ELE is scheduled to release in September 2013. Ending ELE is scheduled to release in September 2013.5.Here we go. I loved the usage of Hawaiian mythology in the book. I was intrigued to read a book set in Hawaii. I always enjoy reading about other locales. I kept wondering what happened to her mother.Which brings me to. In fact it felt like a time waster.forced. That being said they needed an editor. Let me repeat that: THEY NEEDED A FREAKIN' EDITOR. Everyone makes mistakes. I get that. But there was clearly no edit on this book. It reads like a rough draft before spellcheck. But it needs a GOOD SOLID EDIT. I realize that this e-book has high ratings.I really liked the story. Actually I loved the story. That is creepy and unfair. It's extremely patriarchal and reflects sexist beliefs. Who knows. Once again I mean no harm against the writer(s). Young Adult Short Stories Literature Fiction Wow. I hated everything about this book.Night Marchers was a very boring book. and yet I was bored out of my mind. She just kept rubbing me the wrong way. Especially with the whole purity ring thing from her dad. it just creeped me out. Other than that this book just bored me to death. but while writing this review - I noticed. Therefore I wasn't.Overall I liked that it was set in Hawaii..... Emma meets cute guy #1 named Tristan. yes you heard me. tree house. It has a berry in it. That is a very key detail. stupid girl! Kao attacks her is about to kill her. I am team Kai 100%. It includes newly edited scenes a special Kai P.O.V. It is a hard book to put down. The dialogue was awkward and didn't flow. It would randomly be set up wrong. The narrative switched between present and past tenses. The descriptions were too lengthy. Night Marchers had so much potential and fell flat. Everyone helps formulate a plan to break the curse. I liked the hidden race of Menehunes. But the delivery was NOT good. I won't be reading the next one. Young Adult Short Stories Literature Fiction.
