A thoroughly enjoyable book from Berdel, **Book Game of vampires free** I love the snarky inner voice that gives Cassidy so much attitude. **Book Game of vampires** The humor makes it all the more enjoyable and it definitely isn't like any other vampire book I have ever read: **Kindle Game of vampires free download** I am thankful to be on the ARC team because I need more of this series: **EPub Game of vampires** Kindle Edition Cassidy learns that her mom is not her bio mom and her true bio mom has died up near her cabin in Colorado, **Game of Vampires epub air** This cabin was left to Cassidy so she figures to go to Colorado clean out the cabin sell it and get on with life, **Game of Vampires kindle free** She soon starts seeing things that make her wonder about her sanity, **Game of Vampires epub free** Life takes some strange turns for her and she discovers a whole new world, **Game of Vampires ebook download** Can't wait for book 2 Kindle Edition The book wasn't bad but it wasn't great either, **Kindle Game of vampires: los** I think this is the first 3 star review I've given here. **Game of Vampires Urban fantasy free** sorta? .Growing up Donna read a lot of spooky books.Growing up Donna read a lot of spooky books. Killers will continue to play big roles in her books. I had to make myself stop and go to sleep. Donna Berdel has written a winning series.She thinks she is seeing things that are not possible. There is a vampire out to cause trouble. Read it and you will be hooked. I can't wait to read your first book. Kindle Edition I enjoyed it but it had some issues. That's a lesson we all learn by 40 seriously.ended. Nothing learned not even some world building stuff. Kindle Edition This is an excellent start for this author. The story line is very original. Love the main character Cassidy Wright. Awesome introduction to a new book series. Anxiously waiting till the first book comes out. Just finished book one of the series. Great read. Enjoyed the characters. The storyline is amazing. Left me turning Pages red late into the night. Looking forward to the next book in the series. They won and banished the vicious fae to another realm. The cost of losing is her life.and the lives of everyone she loves. Let the games begin. Anyone who loves K.F. Full of humor not too deep or off the rails.And definitely not your average vampire book. Just enough 'Out there' to give an interesting twist. You are hooked you have to find out what happens. Anyway I liked the book. I'm disappointed that I didn't like this book better
