You are sadly mistaken. It's so addictive! I love Roman and Cassidy. I can't wait to see what happens next. ZERO SPICE....NUN APPROVED....suppose to have a 40 year old FMC.but nooooo. Needless to say will not finish this series. Cassidy now has a tattoo that says Winterfest Contestant.I will say the games are stuff nightmares are made of. The ending makes you go what just happened. Book 3 I am waiting but hurry up. Donna Berdel Cassidy is back and so are Bobbi and Cleo. They find an ally in Roman. He is a wild card. I was very curious as to what his endgame is. Although she is not the only one up to trouble. There is Desmond as well. The games of Winterfest are vicious. There is definitely blood spilled. I don't know if I would be able to survive them. I can't wait to read the next book in this series. Nope that's a no-no she will attend per Serenity. Berdel has a good thing going here.whether they want to participate or not. Cassidy soon realizes that she's in over her head. Place your bets. Now she must fight to save herself and her friends.I was completely enthralled throughout this book. It kept me guessing with each turn of the page. Donna Berdel Donna is an amazing author. She created a story full of suspense and mystery. Great characters Couldn't put the book down.Growing up Donna read a lot of spooky books.Growing up Donna read a lot of spooky books.
