Lilith Rising 1969Wow! I'm so proud of my sister. I enjoy her books. This

story goes so much deeper than all of this. The bones of the story were good. The story could have been very good it just wasn't. It wasn't absolutely terrible. It just wasn't good. I'd give this one a 2.5 stars more for the potential it had then actual execution. I probably wouldn't recommend this one unfortunately. Also beware there is absolutely no happy ending here. None whatsoever. I'm actually surprised it ended how it did. This was a good book. Not something I normally read but I'm glad I did. Then it changed and then changed again. Fantastic job Roberta! Paperback.
