

The Short Giraffe By Neil Flory **The Short giraffedet** In the end a caterpillar suggests the rest of the giraffes lean down to fit into a photo with Geri instead! The giraffes are so cute and the font is fun and bouncy! The font did make a few sentences weird to read due to spacing which could be confusing for younger readers.

Paperback Super cute and funny. My son is still too young for this story @ 1.5 yrs. the illustrations match the goofy story too. I love the silliness but I especially love the solution.The pictures are simple but cute and colourful. I like the facial expressions on the giraffes. They have to come up with a remedy for this situation. The

illustrations didn't work for me. Characters blended into the background. Paperback Meet Geri the shortest giraffe in the world. Sometimes the best way up is down. The Short Giraffe
