

The Alcohol Illusion: 7 Secret Reasons to Stop Drinking By Craig Beck The author spends 50% of their time sharing irrelevant mundane stories from their own past 25% speaking with American terms (despite being British) and 25% trying to sell you his other books (which on the basis of this offering surely can't be any worse). Craig Beck is known as the Stop Drinking Expert because he helps people to see the truth about alcohol hidden behind the smoke and mirrors of the marketing and our own self created social conditioning. "Alcohol is the ultimate wolf in sheep's clothing a deeply insidious and dangerous drug packaged into pretty bottles and marketed as a fun social pleasantry by the drinks manufacturers. In reality consuming this drug is like playing a very dangerous game of Buckaroo the longer you keep playing the more chance you have the mule will kick and destroy your world. " Craig Beck In The Alcohol Illusion Craig gives away the secrets of the magician and helps you see how the drug traps you and keeps you locked in a never ending loop. The Alcohol Illusion: 7 Secret Reasons to Stop Drinking Thanks Craig: The Alcohol Illusion: 7 Secret Reasons to Stop Drinking Rambling and irrelevant with no practical advice: Genuinely one of the worst books I've ever bought and a waste of 3 hours. The author ought to be ashamed of himself for his shoddy cash grab. The Alcohol Illusion: 7 Secret Reasons to Stop Drinking Alcohol is drug that has achieved the ultimate illusion, It has managed to convince the western world that it isn't a drug at all but rather a harmless social pleasantry, A product that does none of the things that the marketing promises that it does and yet remains unchallenged for such false advertising: A beverage that kills over 63000 people a year and yet still remains legal in virtually every country around the world: His book Alcohol Lied to Me has topped bestseller charts for many years and has been translated into several different languages, The western world is conditioned from birth to believe that good times and alcohol go hand in hand, Once you see how the trick is done... escape is only a matter of time.
