. It will be released March 8 2022. It will be released March 8 2022. Originally from Washington D.C. I found the narration by Nan McNamara to be great. I loved the clues the author wrote in this story. Kindle Edition Disclaimer. The situations felt way too implausible / far fetched. Maybe it just wasn't for me. Very much worth a read. So many books so little time to read. I'm glad I did. She is also a video documentarian. But all in all it was a timely well written thriller. I enjoy Ms. Narrative flows well good pace. Meanwhile David has met a royal Sheik Abdul. David and Abdul begin a business relationship. It's pretty much a slam dunk for the prosecution. Soon the FBI thinks Ellie is dealing with the Mafia. An exciting read it was so hard to put down. Story within the plot was exceptional. She is a writer that spins a very good story. 5 stars out of a possible 5 stars. It strikes a chord in her memory. The prosecution destroys her. The verdict is guilty. But things go downhill for Ellie fast. It's worse for other people. Witnesses and lawyers are dead suddenly. It was interesting but also somewhat contrived. There were too many coincidences that didn't add up. And I loved how Hellman handled the juvenile arrest issue. Would that it happens like that in real life. If only she could figure out what it is
