A story about a girl who is being kept captive for a particular reason, **Captive kingdom series** Don't wish to say much as it will give the story away, **Captivity horror multiplayer** I read it before sleep which was not a great idea as I was a bit creeped out but I love that in a good bedtime book. **Science Fiction captive air** I so wish this will come back a novel with the backstory, **Captive codes** If you have never read Michael Robertson's books DO SO NOW!! If you like darker grittier scarier reading material then he is so for you: **Captive bead ring** LOVE LOVE this story!! English Decent Plot The basic concept of this story had potential but I don't feel that potential was used to it's fullest, **Captive audience** The story required more depth in the characters the setting and the overall plot, **Captive Post apocalyptic meaning** The basic premise was really great it just unfortunately was never fully fleshed out to it's fullest possibilities. **Captivate publish settings** English A short but none the less wonderful read Yes it's short but it's very worthy of a read it's a take on vampires that hasn't been done, **Captive audience** I actually hope he's going to do more in the way of a series with this being your initial view of it. **Captive codes** I hope you will be as excited as I to see if anything comes next and to read his other works English Twisted but very interesting and a very good short story[1]

Michael Robertson is an author and blogger. michaelrobertson.co.uk Michael Robertson is an author and blogger. michaelrobertson.co. She'll continue her existence of servitude and submission. Even after everything she's endured during her stay. Fairly dark and depressive story with horror elements. I give it 25 stars. Captive works incredibly well as a standalone story. Sorry. Dark gritty and the way blood suckers should be. That is just me. Hint hint. English A quick satisfying short story with teeth. I'd recommend it to fans of horror. English Seriously this story was ridiculous. Ten minutes of my life that I'll never have back. English I didn't care for this book. It needs work and some character development. English
