

Great Bear Inn (Alpha Werebears, #1) By Ursula Maya **Book Great Bear innovation** Will Hannah find out what the secret is? Will she believe what she is being told? Or will she pack up and run back to the safety of the city? Kindle Edition This is the 1st in a series of 2 (so far I hope!). **Great Bear innkastar** If you are looking for a hot short well-written hot shifter ménage BBW alpha (did I say HOT?) light BDSM read this is definitely it! If that is not what you like skip it. **Book Great Bear inn nyc** Come on!The SnugglyThe sex was rough and hot except for all the hair! So much hair on all of them!Final ThoughtsI only read this because it was free and I wanted a dose of erotica. Kindle Edition Great detail amazing format simply one of the ones you just can't put down Kindle Edition I love shifter romances but this was terrible, **Book Great Bear inn and suites** I liked the story idea of Hannah going to take pics at the Inn, **Great Bear Inn epubor** And then the brothers making her their mate but there was no depth of character for them just that they were there and wanted her. **Great Bear innhom** Just missing a lot of background and interaction between them all: **Great bear inn montana** Kindle Edition How can Hannah manage so much ménage? Big beautiful Hannah is innocent and alone in the mountains: **Great Bear innb ecf** Alone except for the uncommonly big men at Great Bear Inn: **Great Bear innkastar** The men share a secret and they are hungry to share Hannah: **Great bear incontinence** Hannah hasn't had the kind of appreciation the big men of the mountains have to give her. **Great Bear Inn epub download** They are the last of their line and Hannah is their only hope, **EBook Great Bear inn reviews** But will she can she take the heat of their rough and rising needs? WARNING: This story bursts with red-hot sex, **Great bear incontinence** Great Bear Inn (Alpha Werebears #1)

Hannah runs to the mountains to get away from the city for awhile: **PDF Great Bear innovations** While out taking photographs she find herself face to face with a huge bear. **Book Great Bear inn nh** When one of the Inn keepers come to her rescue she finds it strange that he talks to the bear like he would another man: **Great Bear Inn ebookee** I actually read it 2nd but it didn't matter as these are HEA stand-alone, **Great Bear innb ecf** As was stated in the synopsis of this book it is definitely an adult read. **Great bear incontinence** But if this is your thing it is a definite 5+ stars! Kindle Edition <http://badbirdreads>, **Great Bear innfact** The GoodIt's hard not to like some of a book about three bearshifters nailing a voluptuous woman. **Book Great Bear inn nh** The men were described as super hairy all over not very sexy: **Great Bear innkastar** Spoiler (if you can call it that): The heroine agrees to be the mate to all three bears and to have their babies in about an hour after meeting them. **Great Bear innhom** QuotesHer voice shook "What if somebody comes?"His voice was a soft growl "Nobody will, **Great Bear innfact** " Kindle Edition This was even more slam-bam-thankyou-ma'am than usual, **EBook Great Bear inn reviews** I thought the premise really sounded interesting so I was disappointed that the end of the book was so rushed, **EBook Great Bear inn reviews** It just ends rather abruptly in what feels like the middle of the book: **Great Bear Inn pdf book** Yes I know that isn't a real word but it is accurately descriptive here. **Great Bear innfact** \*sigh\* Kindle Edition Great Bear InnThis story lacked reality and substance! The woman in the story is so desperate that she has sex with first man who asks her. **Book Great Bear innovation** Then is in a menage without even bit of romance or even questions: **Book Great Bear inn ny** Not even that erotic just sex and then nothing! I'm glad this was free: **Great Bear Inn pdf book** I would have been very unhappy if I wasted money on this book Kindle Edition.

Awesome! This was a very quick read. Sexy and hot to the core. The characters were wonderfully described. I just loved it. Thank goodness it was free. Kindle Edition Clearing out my kindle from years ago. The writing was simplistic but not terrible at the start. However it just got more disjointed as it went. Kindle Edition I thought this would've been better. There was no care of her once the sex was over. Not advised to be read in public. What she finds there will change her world.com/review-great-. At A Glance Thank goodness it was free. It's hot what can I say. The Bad Almost no plot though there was an attempt at one. And the writing was pretty bad. Unfortunately it didn't itch my scratch. I need a little something more than sex. Not recommended. Only you." He raised his head and looked into her rolling eyes. "A few times at least. Then me. Also the sex scenes left me feeling a bit squicky. I just didn't like it. She mates with the three bear shifters just like that
