I know you don't have a story without the miscommunication but it was too badly done to be realistic. **A Fallen fortunecookie45lc** Normally I cringe at the insta-love aspect of any book but did I mention this book includes a Count and a Baroness and even a castle! It's truly a fairy tale so love at first sight is expected. **Book A Fallen fortune coins** The two main characters have great chemistry from the moment they meet but will 'titles' and other envious parties get in the way of their happiness?
