. Story was a bit bizarre . Not the typical PDA formula. Slightly disappointed. Dreaming of him and longing for him. There was very little about Natalie that I liked. There is rude or snarky and then there is obnoxious. No love spoken no mates acknowledged just ends. Don't take any reviewer's word on any book. Yeah I really said that. I read this title through my Kindle Unlimited subscription. Nikko seek out Gerri Wilde I would have liked it better. However I didn't feel it fit the world. Past these problems I liked the characters. Wolf at the Door (Paranormal Dating Agency) 3.5 Stars I enjoyed this short story. I liked Natalie. I liked her sass at the beginning. I liked Nikko. The scene with his mother truly got to me. I loved how determined Nikko was to make Natalie his. That's right Gerri Wilder matchmaker beyond compare. So she's not about to start with her cousin Nikko. Recommended. That made it worth reading in its self. Even without it the story was still adorable. Please come and enjoy this journey with me. Until Next Time. Moreover this isn't about mates. Not a great addition to this world. It had potential but just didn't meet it
