

The Tinderbox By Beverly Lewis **Fiction The tinderbox kitchen** Though that ending was slightly surprising and I NEED to read the next one! If you like Amish books you definitely need to check this one out! There was a good bit of intrigue to go along with the rest of the story and the ending has me wanting to read the next book so bad right now! I'm giving it 3 stars but if the whole book had been like the last page I would have given 5 stars. **EPub The tinderbox kitchen** My favorite character/s: Hmm I guess that would have to be Sylvia she was an interesting character and I liked reading about her but I kinda disliked her relationship with her beau. **Childrens Books The tinderbox flagstaff** Wow I hurt for him! I was stunned to see the Amish made a big deal over his visiting his own great uncle! That was cause for discipline? Really? The hidden secrets were enough cause for the punishment but it ripped this family apart. **The Tinderbox epub** Paperback With her Amish parents' twentieth anniversary approaching eighteen-year-old Sylvia Miller stumbles across a surprise--the old brass tinderbox her clockmaker father keeps in his Lancaster County shop has been left unlocked. **The tinderbox book** When Sylvia Miller unlocked her father's antique tinderbox a plethora of memorabilia from her beloved father's English past assaulted her senses only it was what was carefully wrapped in the bottom of the box that would create a firestorm of unpleasant repercussions. **PDF The tinderbox** Earnest Miller is grief-stricken when his close neighbor and confidant passes away but that pain doesn't come close to what his wife is going to feel when the truths that the tinderbox have hidden for two decades come to light. **Hbo book tinderbox** Will Rhoda ever forgive him? Has his determination to protect his family eventually going to destroy them? Quite honestly this story is not going to endear many readers to the harsher side of the Amish community. **Tinderbox book review** Paperback Yes I enjoyed this read and be aware that all of the answers are not forth coming there is a sequel coming in September 2019 and I am looking forward to it! What a can of worms this young woman releases when she does what she is old enough to know better and ready to join the church but she opens a forbidden object that will change hers and her families lives forever. **Tinderbox book james andrew miller** This is a very interesting book; the pages flew and I was too soon at the end! I received this book through Net Galley and the Publisher Bethany House and was not required to give a positive review. **The Tinderbox ebook** This story does end at a horrible spot though so I am especially excited for September when the sequel The Timepiece will release! I highly recommended this book!! Paperback Another wonderful story by Beverly Lewis. **Book tinderbox andrew miller** Will his past come between him and his family and community or will their hearts be kind loving and full of forgiveness? Come find out and be sure to look for the next part of the story coming out in September The Timepiece! Happy reading everyone!! Paperback Wow!!!
