. I'm trained in death investigation so most is a review. a very fascinating review. it's not for the squeamish. 1402722222 The pictures get quite graphic. I would give it more than 5 stars if I could. This book is a great tool and a fascinating read.I'm happy to own this book. I would never loan it out. I have no desire to see these things first hand.J. Simpson
