

Secrets We Keep (The Bright Lights, Dark Secrets Collection, #1) By Nolon King **Secrets We keepj** it was a good read though but i wouldn't reread Thriller I read 12 by this author and really enjoyed it so downloaded this off the back of that one but it's like another person wrote it ! I'm clearly NOT the target audience being a female in her 50s as it's definitely written with horny blokes in mind.

Secrets We keepkey wallet It did sound an interesting idea and I was really looking forward to it but language such as You definitely know how to drill a girl was all a bit crass for me and I don't know ANY woman who would say something quite so terrible.

☐ Thriller Thoughtful suspenseful read, **Secrets We keepkey wallet** I loved the dynamics of the different relationships and how it contrasted the storyline: **Secrets We keepj** Not my usual cup of tea and not for the faint of heart. **The secrets we keep on kindle** The main character is basically being led around by his dick, **The secrets we keep 2 book** I'm no prude but porn just doesn't interest me whether televised or written, **Secrets We keepgo esim** I got 20 pages in and I'd seen enough though I'd not seen any mistakes by this point which is something: **Secrets we keep barbara freethy** Just isn't for me so I'm passing on this particular set of stories by him. **The secrets we keep book** I'm quite surprised

Amazon have it badged as a Suspense Thriller with no mention of the adult content. Which I hated. It just comes across as a tawdry porn story. He's been reading too many Readers' Wives or some such tripe. He thought what happened in London would stay in London. He was wrong. John Treadwell should be happy. He'll be able to pretend it never happened. But John isn't about to get away so easy. John is the Michael Douglas character. But wait there's more. Thriller I picked this up last month as a freebie. John's in London for business when he meets Lottie. She's unkind to her children and even slaps her baby. John is wimpy selfish and his character is flat. Lottie/Becca is crazy but again flat. There's really no depth to her character. I kept asking myself what was the point of plot. Parts are illogical and a big stretch from real life. Bottom Line I finished it. It actually took out the heart of the exciting tale. Thriller Uncomfortably erotic for half of the book. I love a good book that raises moral dilemmas. It kept me interested the whole entire time. Thriller This was an Amazon Prime freebie. This book is pretty filthy. Lots of graphic sex. However trust me. Thriller
