Sue Jan and Lovita put on their big girl boots to solve a new crop of mysteries as their town gains a new antique and resale shop run by creepy twin sisters a yummy frozen custard stand owned and operated by a quirky old man and a trio of criminals operating under the town's radar. **Book Custard's Last standard deviation** Narrating a book like this is not an easy feature but Michelle Babb did it complete justice spurting words at the speed of light with a checky tone when interpreting Sue Jan but being reflexive and cautious when interpreting Lovita. **Custard last stand site** There is an inherent sense of humor in these books and Babb knows how to transmit it to the listener in a casual and candid way like she is been doing this all her life. **Book Custard's Last standard** No matter how over the top and silly sometimes the character seem Sue Jan and Lovita are so adept at reading a situation and solving mysteries even when they just happen to stumble into them. **Custer's last stand vintage art** I do like strong central and well developed characters as they are the back bone to a good story but not at the expense of the mystery there was to much differing over should Sue Jan run for mayor and why her husband was unhappy which was covered in the last book. **Custer's last stand vintage art** Can they clean up Wachita and finally get justice for a grieving man or have they finally taken on too much?I really like the narrator somehow she gives each character there very own voice which brings the story to life. **Custer's last stand original photographs** Custard's Last Stand (Until the Fat Ladies Sing Book 7) I have to say this is probably my favorite book in the entire series!
