

From the Shadows (Buckhorn, Montana, #2) By B.J. Daniels **King of the shadows book** He didn't but she was attracted to him anyway! It was fun reading the group reunion and all their secrets but at the same time confusing as so many POV's and all their secrets and young love from the past. **King of the shadows book** The killer may well be amongst them but who is it and how can they keep themselves safe? This is a story of investigating the past endeavouring to being a killer to justice but putting many others at risk whilst doing so. **Epub from the shadows free** A few parts a bit predictable or not quite believable but this mystery lover did not guess who done it and that's always fun! Then the others that worked there when the murder occurred start showing up for a reunion. **From the shadows calling card mw2** Who killed their young co-worker years ago and was it one of them? I wasn't all that fond of Casey at the beginning of the story but she quickly grew on me and I was rooting for her to stay safe find the killer and maybe change her mind about the hotel and stay in Buckhorn. **From the shadows dnd** But though the quest draws Finn and Casey together digging into the past is dangerous especially when there are others determined to keep the truth hidden—by any means necessary... From the Shadows (Buckhorn Montana #2) Beware The Crenshaw Hotel! They say it is haunted. **From the shadows book** But though the quest draws Finn and Casey together digging into the past is dangerous especially when there are others determined to keep the truth hidden—by any means necessary...
