That will truly touch your heart. I highly recommend this book; A 5 star must read. Give it a shot. I never regretted finishing it. It will be released March 8 2022. It will be released March 8 2022. Originally from Washington D.C. {site_link} I.*Sigh. Here is goes. My mom who met an American GI and married him. My mom who lived in a room with another bargirl. This however wasn't for me. If I want an immigrant story I'll just call home. Boy was I wrong! I stayed up till 4AM finishing it. You live the life these girls live. I was a college student during the Vietnam years. We see the war from their side in this book. Think back to when you were 14-17. It is fiction but it is well researched fiction. It is powerful descriptive fiction that will stay with you. It is the best book I have read in a long time. It was news. It was classmates wearing POW and MIA bracelets. It was on TV and in the newspapers almost every day. The story Hellman is telling is historical. The two sisters have different ideas about their futures. Mai the younger wants a softer more feminine life. She's interested in glamor clothes and men. She's more serious and more interested in politics. Tam goes the other way. The U.S. Neither woman ever gets a chance to take a breath. It can be read either - or both - of those ways. They steal a sampan and start paddling toward Saigon. It's necessary and it's thought-provoking. Both find love and have to do painful things to survive. Yet their story is about strength and growth. Kindle Edition.
