

12 author Nolon King By Nolon King **12j502-2** Who will live through the attack? Who will the heroes be? Can they pick up the pieces? What do the last 12 hours of a person life look like? What would yours look like? Its not a story you will soon forget. **123books** Normally when there are so many characters in a book I have difficulties remembering who's who but with this book the people were so well described and structured that this never became an issue. **Trailer 12m** I don't know how Wright and Platt are able to create some of the most real tangible characters in fiction but if I can build one tenth of that skill as a writer I will consider myself fortunate. **12 kindred way tarneit** When I first read the synopsis for this book I was unsure any writer could pull off the colossal feat of making me care enough about twelve people that when the shooting happened I would really hurt for them. **12bb form** Platt & Wright fleshed out each and every one of the twelve characters but beyond that I found reading each character's internal dialogue forced me to think about how I think and talk to myself. **12 pubs rules** This thriller illuminated how drastically bullying can change the victims how easy it is to misstep raising a child how difficult it is to change one's life how your own selfishness can affect your loved ones and how so many people dream but don't make plans to make their dreams come true. **123.hp.com** Beyond being a great mystery a who will do it this thriller is also a book to make you think about your own behavior how everything one does affects one's future for better or for worse. **12g to oz** It gets really suspense-filled the closer we get to the actual crime being committed because by then you're invested in the nicer characters and don't want to see them finished off or turn out to be the perpetrator either !!They did do that horrible American thing of writing creeped and not crept wrote Nick and not Abe at one point suspicions not suspicious complimented not complemented wailed not whaled affect not effect and here not hear. **123.hp.com** THEN in the space of a couple of sentences a character was called Vinny and then Vinnie !There were odd apostrophe mistakes which were irritating as a lot of the time they got it right so DO know the difference so I shouldn't have seen any there were odd words not needed in sentences and then at other times words were missingThis sentence meant nothing to me I might could get it and neither did . **Kindle 12th** A cook with a shady past attempts to stay on the straight and narrow until he gets a call which forces him to choose — his family or his honor? A woman attempts to meet her father's expectations clinging to a struggling diner even as her relationship with her son falls apart. **Epub 2 kindle** TWELVE HOURS TWELVE LIVES WHO LIVES? WHO DIES? 12 author Nolon KingIn a time when this seems to be common this book made me want to pick it up at every possible opportunity in an effort to find out more. **Ebooks 1234567** Most of it is done by gone obtained legally so there's some food for thought for those who prefer to fall back on an antiquated paper granting rights that might have made sense hundreds of years ago. **12ab** We already know what happens from the opening scene then the authors hit rewind and take us through the timeline so we can see exactly how everyone got to be at the wrong place at the wrong time. **123go** Meaning they are not wordsmiths per se no mind blowing turn of phrases here the vocabularies will not be expended they also tend to belabor points over and over and over again so that it might have ended up as pandering to the lower ranks for an easy sell and yet somehow it turns out quite compelling even with elements of suspense and occasional surprise. **Epub 2 kindle** There is a certain predictability to the author's writing that comes from simplicity (at times reminiscent of Koontz albeit without his obnoxious self serving need to use his books as platforms for the propaganda of his narrow minded conservative views). **12k personal loan** 12 is set twelve hours before a horrible massacre in Goldman's Diner as we follow a dozen different character's struggling with their own lives and demons all building to a tragic finale. **12 kindred way tarneit** Who dies? Who lives? And who's pulling the trigger? The authors did a fantastic job of weaving the storylines together but more importantly THEY MADE ME CARE which most thrillers don't do (for me). **12km in miles** If you enjoy reading authors like Darcey Bell and Harlan Coban movies like A Simple Favor and The Hand That Rocks the Cradle or shows like Ozark and Dead to Me you'll love Nolon King:

Sean Platt and David Wright took on a difficult challenge with this one and really pulled it off. **123greetings** The writing is strong and every one of the twelve characters is interesting. **123books** Their interwoven stories dragged me through the book and I found myself picking it up to read at every opportunity. **12h2o** There wasn't a single character whose fate I didn't care about: **12 kinderregte en verantwoordelikhede** I won't say too much about it because I don't want to spoil anything but the pacing was excellent and it was a good payoff for the rest of the book, **12g to oz** The other thing that stood out was the way each character's personality and background coloured their interpretation of events, **12x12** The idea that two people can experience the same things completely differently showed up throughout the book and was handled very well: **12ab** Kindle Edition 12 is the kind of book that makes me wish I was a better writer, **123go** It is powerful visceral and without a doubt the best book I've read this year, **123go** There is a lot of soul churning darkness but not in the usual way of modern horror: **Ebooks 12th** This book is a literary masterpiece diving deep into the psyches of very human characters: **12am utc** Kindle Edition 12 by Sean Platt & David Wright has already been published (May 12 2015) so it's already available for download onto your reader: **12 kindred way tarneit** This is a fantastic read a rare five out of five star thriller. **12h2o** The question asked in this book is What Would You Do With the Last 12 Hours of Your Life?, **Trailer 12m** The reader is moved back in time to twelve hours before an horrific massacre takes place in Goldman's Diner. **123.hp.com** We meet twelve people who soon will all be at the diner when a gunman enters intent on killing all who thwart him: **Pdf 125** Who are all these unlucky people and how will their lives be affected by such violence? air fryer Kindle Edition Good Read The book was a page turner! All the main characters unwittingly faced death within twelve hours from the beginning of the workday, **12 kinderfahrrad** A drug addicted shooter a pedophile and a bullied teen held the power of ending lives of good and bad people in that time span. **Epub 2 kindle** The stories of the good and bad the young and the old were well told, **12g to oz** Kindle Edition I'd inadvertently downloaded this because I'd read 2 prior collaborations with differing author names and didn't get on with them at all: **12c to fahrenheit** So I felt a little done when I realised but thought I'd give this particular line-up a try: **12x12** However I've whacked it down a star for unforgiveable mistakes that really should've been spotted since a proofreader was referred to in the acknowledgements, **12 0 clock high novel ebook** When I started it knowing it was featuring 12 differing characters I expected to struggle and get confused with them but didn't at all. **123rf** How they all intermingle was very well done and I enjoyed the epilogue and learning what happened in the aftermath as well. **123greetings** I did roll my eyes at a psychotherapist's name-Craig Strong-and hoped they weren't going to give it a comedic element but thankfully that soon passed: **12 kinderliedjes** There were some funny asides and remarks don't get me wrong but nothing as daft as his name after that was mentioned. **12j502-2** There is a lot of bad language so if you're a little delicate I'd pass: **12am utc** but people do talk like this so I never really understand the aversion myself, **Ebook 1001** There are also some very touching little moments in it and a couple of snifty instances for me as well. **12 e public st freetown ma** I mean HOW did these get through any sort of editing process ?? It just made it look sloppy and sadly spoilt it for me. **Trailer 12m** If it wasn't for the ridiculous errors it would've easily been a 5* read, **12 pdf to 1 pdf** Kindle Edition FROM THE BESTSELLING AUTHORS OF YESTERDAY'S GONE AND WHITESPACE COMES A NEW SUSPENSE THRILLER — 12, **12j926** What Would You Do With the Last 12 Hours of Your Life? At 6 p: **Trailer 12m** on a Wednesday in October a gunman will enter Goldman's Diner and commit one of the worst massacres the small coastal town of Palm Isles Florida has ever seen: **Epub 1001** Twelve hours earlier: twelve lives are on borrowed time unaware that death is coming or that their paths will collide in one tragic moment, **123.hp.com** A young waitress and mother fights to protect her daughter from her violent estranged husband: **123books** Little does she know that a greater threat looms under her nose, **123.hp.com** A cop is forced to decide between his job and his marriage: **Ebooks 12345678** A bullied teen with an abusive father is down to one friend when his world suddenly crumbles around him. **12h2o** An old man struggles to hold onto his memories and do one last thing to honor his wife: **Epub 1001** But in doing so he will have to reveal his darkest secret, **123.hp.com** This book is a surprisingly easy read considering the amount of characters and story-lines and for that a great deal of praise must go to the author, **123series** I would like to thank Net Galley and Sterling & Stone for supplying a copy of this book in return for a honest review: **12j** Kindle Edition Facts are rampage killing has become as uniquely American as obesity, **12km in miles** Anyway Platt and Wright manage to avoid bringing gun politics into their book about one such shooting and I shall endeavor to do the same for this review. **12h2o** This is a story about 12 lives interweaving themselves over the course of one day preceding a horrific tragedy: **Kindle 123** I've read the Wright/Platt combo before so I had an idea of what to expect. **Epub 2023** Their writing has a peculiar quality of being overly simplistic yet utterly readable: **12x5** It is of course an easy read not thematically naturally but in other respects. **12cm to in** The pages are flying by rapidly toward the inevitable brutal ending and the sizable volume doesn't seem long at all. **Ebooks 1234567** You may not know for a while who the shooter will turn out to be but you'll have a pretty good idea of who survives, **12l air fryer** Then again as prolific as these guys are I can't imagine them having the time to do quality control and sit around honing sentences to stun and amaze, **123series** This may not be a great read but it is certainly a good one topical as it can be (just read the news) and entertaining: **12kg to lbs** Also nice to see the authors showing some versatility I've read horror by them before and this is some pretty solid drama. **12h2o** Kindle Edition Okay story about a 12 hour period in a day that ends with a mass shooting in coffee shop, **123rf** The lives of the victims are laid out for the readers in that 12 hour period: **12j** A high school student a coffee shop waitress a cop the owner of the coffee shop just to name a few, **12 kindred way tarneit**

A lot of skip over paragraphs as the author got pretty descriptive when it came to the characters: **123 freecell** And because of the number of characters attention had to be paid to each one as the reader doesn't know what is going to become important later on, **12l air fryer** And to cap it all off some very good twists as well as a happy ending for some and death for others, **12b6** Kindle Edition Overall: An incredibly crafted emotional thriller that will tear at your heart in the best way possible: **12j** Twelve viewpoint characters with interweaving storylines? And all driving to a horrific final act? In the hands of lesser writers so much could have gone wrong with this so easily. **12h2o** This was one of the best books I've read so far in 2015: **12x5** (You see what I meant by logistical nightmare?) 12 is a bit of a who-done-it as we know how it ends just not the details: **12j** They gave each character a concrete personality; I was never confused about who was who, **Book 12345678** TWELVE characters and I never had a "Wait who are you again?" moment, **123go** It's mind-boggling when I think about that on a technical level: **123books** I'm not a huge fan of thrillers but this book had me from the first page and wouldn't let go. **12c to fahrenheit** Made me analyze my craft and ask questions I hadn't thought to ask before, **12au7** And not in a self-demeaning "I wish I was this good" kind of way: **12x5** I mean in a "Pull up your bootstraps and follow their example" kind of way. **123rf** In case it wasn't clear by now: I freaking loved this book: **12j** (NOTE: I received a digital copy of this book from the author's website via a subscription system. **12c27 steel**) Kindle Edition

Nolon King writes smart psychological thrillers designed to leave you on the edge of your seat. **123series** His stories are dark twisty and often decidedly close to home. **123.hp.com** He's not afraid to explore the darker side of human nature through stories featuring families torn apart by secrets and lies, **Epub 2 kindle** When not writing you will find Nolon drinking black coffee and observing humans in their natural habitats. While a work of fiction the feelings are not. There were two things I thought were particularly good. Firstly the ending. Highly recommended. This book will be a hard read for some. It is going on my re-read list. I love when books make me think about my own behavior. What a rare treat that'll be. Thank you Mr. King and Mr. Wright for a good read. So pleased I did as I really enjoyed this. Perhaps he should take a better look. They're all very different. I really liked Tim and Corinne and Maggie. when he usually avoided eye contact which him seem shy. Thanks to Netgalley for yet another decent read. All of their lives will come together for the finale. Full review: This premise shouldn't have worked. It didn't though. Hands down. Think about that. I read most of it in a day. Reading this made me want to be a better writer. Do yourself a favor and pick it up. I swear you won't be disappointed..
