

Storms Fury (Amelia Storm #1) By Mary Stone **EBook Storms fury's** Even though these things haunt her she doesn't let it interfere with her job and when the FBI gets a tip after a show aired about missing children she throws herself into trying to find the teenage girl even when it looks like the people running the child trafficking's ring is the other more ruthless mob family. **Storms Fury fbisd** English Wicked Villains & a Warrior Heroine another explosive series debut! I LOVED it! I made the mistake of opening the ARC copy in the middle of the day with the classic Oh yay it's here! I'll just start a chapter for now & see what it's about. **Book Storms fury vs Y'all!** I couldn't put it down I read it sooo fast & only accomplished what I absolutely HAD to do that day! I was even reading outside in the rain waiting on the puppy to do her business and then again while filling water troughs! **CHARACTERS:** This latest amazing heroine Stone has created with Wilson FBI Special Agent Amelia Storm is a strong-willed sharp-minded military vet. **Book storms fury** I was pleasantly surprised at the finesse Stone & Wilson showed with the descriptions of how a planned kidnapping in a small town can progress to working the streets of Chicago for an organized crime but not in a sexually graphic way. **Storm's fury event wow** I found it interesting how they touched on some machinations & hierarchy of the mentioned two organized crime families and what differences there could be: technology vs the old ways. **Storms Fury booking** I'm really looking forward to how this suspense series plays out! **OVERALL:** I thought it was well done the characters are set up to grow there will be future fireworks in several relationships though I was *mildly* frustrated at a time gap at the end (it came directly after an intense situation) and I really wanted to see the immediate aftermath of maybe the next 30-60 mins. **Storm's fury book** Shortly after watching a new television documentary focusing on young girls that vanished with no clues she receives a call about a tip that one of the girls has been spotted working the Chicago streets. **Storms Fury epub.pub** Mary and Amy did a wonderful job! . English This was an ok read for me. Not as good as the reviews indicated. This seemed unusual and out of place. Others clear a path. Now she is a special agent with the FBI. The twelve-year-old wasn't just abducted. She was targeted by a human trafficking ring. This time though she won't run. Or die

trying. After all she has nothing to lose. Storms Fury (Amelia Storm #1)Kinda MehThe plot is good. How it develops left me feeling Meh. The dialogue is well Meh not bad but not great. Speaking of which I can't connect to any of them. Even the victim felt kinda Meh in connecting with her. Usually a book like this is right up my alley. But this one is Meh. K. The mysterious Mr. Or not. but everything else was great. I read Storm's Fury with interest. Didn't fit with his character. I was expecting more drama and something to go wrong. Also disappointed he's able to keep out of jail. I hope he's brought to justice soon. As soon as she could she fled that life. After active duty in the military she joined the FBI.I look forward to to seeing how new series grows. If you enjoy thriller/mysteries I highly recommend this book. Scared sure but she just needed to know. Needed to see with her own eyes. Scared sure but she just needed to know. Needed to see with her own eyes.
