Unexpected Mates : The Man Morphs Into A WolfDNFThis has to be worst book I've read yet from this author! The female character is absolutely horrible! Childish completely immature and she's supposed to be 19yrs old, **Book Unexpected mates school** I understand being a teenager and acting out but this is beyond that: **PDF Unexpected matesich** Then the so called alpha just completely babies her and let's her get away with everything, **Unexpected matess** I only got about half way through and I just couldn't do it anymore. She constantly threatens to leave. I had to call it quits! Kindle Edition.
