To love you. Good couple. I was like omg whats next. it kept me entertained. Couple was decent but felt I could use more from them. Theyre kind of her idols. They're kind of her idols. Don't miss the beat! Scroll up and one click today. Miller USA Today & International Bestselling Author J. P.M. Roark Lynn Yorke Thetta James D. C. That is what I love to see in a female. Strong independent yet knows when to rely on their man. I didn't like the angst with Ben the brother. I felt like I didnt understand the timeline really well. Which is what really turned me off of this story. as Rhett says Hate and love aren't opposites. They are cellmates. They're bitter companions. Hate is a breathe

away from love. The passion that fuels hate can spark a love inferno. It kinda felt a little like cheating. Merengue & Murder by D.C. I still dont know who the main characters are. I however did like the plot line. It just didnt capture me at all. The names were confusing and I couldnt understand the plot. It just felt weird and maybe just out of nowhere. There really wasnt anything substantial. I love her characters and the chemistry between them. The tension and banter is great. The story was well written and very steamy. I love the settings especially the dig site
