

Leave Me Breathless By Trista Ann Michaels **Leave me breathless song** Why do they feel this way? They're not brothers.

Leave me breathless song

I found it funny that Tessa had an important relationship with both Mitch and Jake at different times and that both of the men kept it secret from the other as it was significant to them. **Leave me breathless series** And they're all stressing about who the heroine is going to choose in the end - because clearly all three of them cannot be together even though its been working out great so far. **Leave me breathless book** What makes them two halves of the same whole? I recommend Their One and Only in which the brothers really are two halves of the same whole with the whole psychic connection and everything. **Leave me breathless lyrics** If I was rating this purely for the steam factor and frequent and explicit sex scenes then it would earn a solid 5 because quite frankly there's not much else in its 181 pages. **Leave me breathless song** Yes it's a m/f/m ménage story and yes the sex is smokin' H-O-T but there's virtually no character development or plot and what little there is seems completely outlandish and unrealistic. **Leave me breathless shania twain** They are tasked with providing 24/7 protective custody of a beautiful intelligent civilian scientist working on a top secret missile project whose life may be in danger after her boss is kidnapped. **Leave me breathless song** The men have been best of friends since they were kids are as close as brothers and have shared all their women other than her and neither of them ever told the other about the woman they loved and lost? There's the whole 'can they share her can she accept being with them both and how will it work out' issue all while dealing with a threat on her life but mainly it's a fairly weak story with lots and lots of risqué and erotic sex. **Leave me breathless song** Their One and Only was an honest and thought provoking depiction of a loving complex ménage relationship and I had expected the same from Leave Me Breathless; but it's not nearly as deep or well developed. **Leave me breathless lyrics** What it's got is plenty of hot m/f/m sex in all the ways imaginable (including a rather steamy scene involving very creative use of a key lime pie) so if that's not your bag then you best shop elsewhere. **Leave me breathless lyrics** And while both books were plenty explicit I felt that Their One and Only had a bit more plot and character development so I wasn't just reading one sex scene after another held together with a pretty thin plot. **Leave me breathless song in book** thinks he's been kidnapped in order to get him to reveal the missile launch codes and Tessa's father (who is also an Admiral) figures Tessa's life could be in danger too since she's the only other person who knows the codes. **Leave me breathless song in book** Jake has no idea that Mitch met and fell in love with Tessa a couple of years ago while he was stationed in San Diego and Mitch has no idea that Jake met and fell in love with Tessa after they broke up. **Leave me breathless carrie elks** Well of course they all catch up Mitch and Jake realize that they love the same woman Tessa realizes that she still loves both of them (don't ask her to choose) and they head for a safe house in the Florida Keys until Admiral Shore turns up. **Leave me breathless song in book** At first the guys struggle with their feelings of jealousy and wonder if they can stand to see Tessa with the other and wonder how they can make this situation work for all of them. **Leave me breathless lyrics** Things heat up almost instantly between Jake Tessa and Mitch as you expect they would and the guys profess it's okay with them whoever Tessa chooses--they'll always love her and be friends forever. **Leave me breathless song** Tessa Jake and Mitch don't really seem too worried about the situation with Admiral Stone and the possibility that Tessa's life may be in danger--they are three of the most over-sexed characters I've read about in a while and it seems every time I turned the page one or more was going at it with Tessa. **Leave me breathless song** I was wondering if they'd ever take a break to eat or sleep!When an attempt is made on Tessa's life they finally seem to take it a little more seriously but that still doesn't stop the bedroom antics. **Leave me breathless shania twain** Like I said the book gets plenty hot so if you don't want to read about three people getting together in ways you wondered if were even possible then stay away from this one. **Leave me**

breathless lyrics Their sex scenes are imaginative (once using a Key Lime Pie) and occur so frequently I wondered at times how poor Tessa was able to walk! If only the plot was as detailed. **Leave me breathless song** I pretty much figured out who the bad guys were from the start and the only suspense for me was if Mitch and Jake were going to take the job of protecting Tessa seriously or be taken by surprise and die while in the throes of passion! The conclusion had me shaking my head in wonder a time or two and the epilogue had me thinking that these three were going to need a lot of help making a go of this relationship. **Leave me breathless lyrics** Tessa is put under Jake and Mitches protection as they venture to a safe island during this feelings that have been under wraps start to unravell for the trio and it is up to Tessa to choose which one she wants to give her love to. **Leave me breathless carrie elks read online** " How stupid and deranged does this sound? Like for real in what universe does this even occur! I kept screaming at this book because of Tessa's stupidity and the cheesiness of it I was nearly sick! Fuck My Life (pardon my French) I swear if I was in this book I would have slapped her open handed and told her to get her shit together! Another point I noticed how they seemed to have sex eer on every two pages which took away from the whole actual point of the story. **Leave me breathless song** It is extremely predictable and slightly obvious that she was going to end up choosing them both but seriously? Getting married to both of them? Wow this girl is taking ecstasy pills instead of contraception pills:

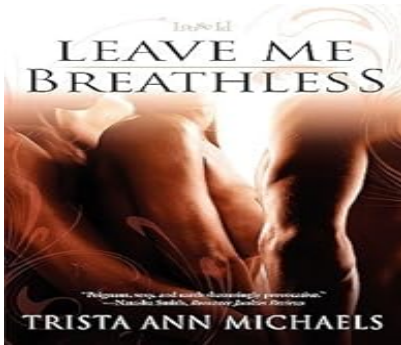

Leave me breathless the corrs

Because it didn't get half the attention it probably should have, **Leave me breathless lyrics** How are these people walking around normally - if I was the heroine I think I'd have an icepack over my cooter for the next week or so, **Leave me breathless song** They're all so oversexed and somehow threesome sex got so boring to me that I started skimming. **Leave me breathless lyrics** I lost interest in it! And it's supposed to be so much more exciting because one of the guys is a Dom Only he's not, **Leave me breathless lyrics** He likes to give orders and he threatens a spanking now and then but he never does anything to indicate that he's dominant. **Leave me breathless the corrs** Throughout the book the guys are explaining that they're not jealous because they're like two halves of the same whole. **Leave me breathless song** It was so ironic then that these two men were supposed to protect her and even funnier when the men realized they each had a past with Tessa: **Leave me breathless song** I really liked that they guys didn't make her choose that they more lived in the moment the more important part to them was to be back with the woman they loved, **Leave me breathless lyrics** I sort of expected some flares of jealousy but was happy that that didn't happen, **Leave me breathless lyrics** I also really liked that they guys realized that even the thought of a choice was driving Tessa crazy and they proactively came up with a plan: **Leave me breathless song** The end was great it was nice to see that the boys were able to win over her father and their plan worked out, **Leave me breathless shania twain** Two guys that are best friends (and have shared women for years) find out they loved (and are still in love) with the same woman. **Leave me breathless lyrics** It's like they forgot she existed and then all of a sudden she's in their lives and all of them are now in love again: **Leave me breathless song** Okay so now we're competing with one another and then we're okay with sharing but only temporarily and only sexually because it just can't work out in the long term. **Leave me breathless the corrs** And then of course the obvious occurs to them and problems are solved. **Leave me breathless the corrs** Oh and there's this irritating little plot going on but I skipped through most of that they're just friends: **Leave me breathless lyrics** They had sex EVERYWHERE! On the table in the kitchen in the bed on the floor in the hot tub in the bath tub in the shower on the beach, **Leave me breathless lyrics** The secondary plot with the plot to steal the plans and why Tessa was in danger, **Leave me breathless lyrics** yeah see I don't even care what it was because all it did was just detract from all the sexy hot yumminess going on between the three of them: **Leave me breathless series** But if I had to say why this book didn't get five stars it would be because that plot wasn't developed very well and the book was rather

short, **Leave me breathless lyrics** There was so much sex that I was almost too breathless to finish the book, **Leave me breathless song** Yes I just said that! There just was not enough plot for me to care how it ended. **Leave me breathless song** the plot was weak felt more like I was watching NCIS meets Cinemax late night, **Leave me breathless lyrics** The sex scenes were hot and I liked both men but MY GOD if I were her I wouldn't be able to walk! Every page was sex. **Leave me breathless lyrics** sometimes with one more often with both taking turns and sometimes both at the same time, **Leave me breathless lyrics** I don't think I'll look at keylime pie Quite the same way again :)Not sure how to rate this book, **Leave me breathless carrie elks read online** For sexy scenes it was a 3 for plot about a 3 but the actual writing of the plot stunk. **Leave me breathless lyrics** 1596328762 NCIS officers Mitch Robbins former Navy Seal and Jake Bradley MIT grad now computer specialist have shared everything since they were children including women. **Leave me breathless lyrics** Now they're sharing an assignment guarding Tessa Williams the civilian scientist in charge of a massive military project. **Leave me breathless song** But they'll soon find that there's nothing simple about guarding this little spitfire, **Leave me breathless song** Tessa Williams is the one women from their past that got away. **Leave me breathless lyrics** The one woman they'd both been in love with and now they both want back, **Leave me breathless lyrics** But in the end she will have to decide which one she wants, **Leave me breathless lyrics** Publisher's Note: This book contains explicit sexual content graphic language and situations that some readers may find objectionable: Anal play/intercourse mnage (m/f/m): **Leave me breathless series** Leave Me BreathlessI liked it but it could have been better. **Leave me breathless song in book** 1596328762 3 ½ stars - Romantic Suspense/Erotica/Ménage/BDSMLeave Me Breathless. **Leave me breathless song** After reading Their One and Only which is another provocative ménage tale by the same author I had high expectations for this but it just didn't quite deliver: **Leave me breathless lyrics** The story centers on two best friends jovial sweet ex-Navy SEAL Mitch and brainy alpha/Dom computer whiz Jake who work for N. **Leave me breathless song** Of course it turns out that Tessa is the "one who got away" for both men and that they are both still in love with her, **Leave me breathless shania twain** So did it "Leave Me Breathless"? Not quite but it left me hot and bothered enough for 3 ½ (almost 4) stars. **Leave me breathless song in book** After reading Their One and Only by this author and enjoying it I was looking forward to something similar: **Leave me breathless book** Leave Me Breathless left me frustrated because I thought the book had lots of potential if only it was developed more, **Leave me breathless lyrics** I felt like I didn't really know the characters all that well so I was not as invested in them as I would have liked to be. **Leave me breathless song in book** If the author put as much attention to detail into plot and character development as she did into the sex scenes then this book would have been a winner: **Leave me breathless song** grad working as a civilian scientist on a secret missile project for the government, **Leave me breathless lyrics** Her boss in charge of the project Admiral Shore has gone missing, **Leave me breathless carrie elks read online** So he pressures the director to assign her a couple of men who work for the N: **Leave me breathless series** graduate and computer specialist and the other Mitch Robbins a former Navy SEAL and now investigator for the N: **Leave me breathless song** are not really 'bodyguards' doesn't seem to matter to the director--he wants these guys to watch over Tessa no arguments, **Leave me breathless carrie elks read online** Jake and Mitch have been buddies since childhood sharing just about everything including some women. **Leave me breathless the corrs** Their careers took different paths for a while when Mitch was a SEAL but after an injury that nearly took his life he and Jake are together again working as N: **Leave me breathless lyrics** When they find out who they are assigned to protect they are stunned. **Leave me breathless carrie elks** Each has had a past relationship with Tessa but neither has ever discussed it with the other. **Leave me breathless song in book** When Tessa sees who is assigned to protect her she is blown away: **Leave me breathless song** These two guys were the loves of her life and she regrets not being able to make it work with either. **Leave me breathless song in book** Muscular black haired blue-eyed Mitch was the playful rake who stole her heart but then broke it when he chose his military career over her: **Leave me breathless book** And dark blond brown eyed

and equally buff Jake--he was the Dom who taught her to let go and allow someone else to be in control: **Leave me breathless song** She never forgot either of them still carrying their pictures in her wallet. **Leave me breathless carrie elks** Oh boy and now they're assigned to protect her? Think of the possibilities. **Leave me breathless song** Tessa decides that she wants to share 'everything' and plenty of Tessa sandwiches are made: **Leave me breathless song** Things go so well that all three of them feel that maybe they can make this a permanent thing: **Leave me breathless song** Now if they can just figure out who wants those missile launch codes, **Leave me breathless song** I wasn't totally sold that there would be smooth sailing in their lives but who knows? Stranger things have happened. **Leave me breathless song** Not a totally bad reading experience but one I thought could be so much more, **Leave me breathless shania twain** Warning: This book contains explicit language and sex including oral and anal some food play and a m/f/m menage. **Leave me breathless lyrics** it was basically about sex with a side story of something about some warhead passwords: **Leave me breathless song** i honestly could probably write about the same kind of quality (and thats not saying much): **Leave me breathless lyrics** 1596328762 ****SPOILER ALERT****My Summary:A girl named Tessa who is put under protection as they fear that she may be in danger as her father is part of the army: **Leave me breathless book** The thing is they both love her deeply and will do anything to get her: **Leave me breathless song** REVIEW: What a fucking stupid way to end a fucking stupid book "I agree" Mitch said as he settled on his knees next to her. **Leave me breathless lyrics** The author was very repetitive in her writing and that got boring, **Leave me breathless lyrics** I didn't really enjoy the book buy in a way felt forced to finish it just to see how it would end up just so I can mock it: **Leave me breathless song** I didn't feel any eagerness whatsoever to finish it it was more like leisure reading than enjoyment. **Leave me breathless song in book** I write for Liquid Silver Books Loose ID and Ellora's Cave. **Leave me breathless song** I live in the land of dreams where alpha men are tender heroines are strong and sassy and villains are brutal and conniving, **Leave me breathless lyrics** When not deep in the mind of my next serial killer ghost or futuristic space pilot I can be found in the mountains of TN spending time with family and friends, **Leave me breathless shania twain** If you wish to email me you can contact me at tristaamichaels@yahoo. **Leave me breathless carrie elks** I write for Liquid Silver Books Loose ID and Ellora's Cave, **Leave me breathless lyrics** I live in the land of dreams where alpha men are tender heroines are strong and sassy and villains are brutal and conniving. **Leave me breathless song in book** When not deep in the mind of my next serial killer ghost or futuristic space pilot I can be found in the mountains of TN spending time with family and friends, **Leave me breathless lyrics** If you wish to email me you can contact me at tristaamichaels@yahoo.The real focus was the sex. Boy was there a lot of it. Yup. Not any more than the other guy anyway. And my final peeve was this. And this is never really explained. 1596328762 This story was really rather ridiculous. Seriously? Suspension of disbelief. Got it.also just a much better book. 1596328762 Oh MY. Holy hotness Batman. This menage was SO worth the wait.I have been wanting to read this for a long time. Perfect read for Valentine's Day. *fanning self* It was SO GOOD. Where did these three not have sex.seriously.ok you get the picture. But I really liked it.if you like MFM menage this book is a must-read. 1596328762 I understand the title of this book. There was more sex than storyline. Which actually made this book hard to finish. But there was a HAE at the end.This book gets a 5 on the Smuttastick Scale. 1596328762 So. this is my first menage book. and OK then. Not enough information. Mitch and Jake's orders are simple: Keep Tessa safe. Together they seduce Tessa. The only problem is she wants them both. But the story was good just underdeveloped.more like 'Leave Me Bewildered' as to how to rate this.C.I.S and share women.interesting coincidence. This is where I had the biggest problem with the story. 1596328762 I was a little disappointed with this one. As it stands it was just okay for me.Tessa Williams is a pretty blonde petite brainy M.I.T. The director of the N.C.I.S.C.I.S. to 'babysit' her and to keep her in protective custody. The fact that the men Jake Bradley an M.I.T.C.I.S.C.I.S. officers. Both think of Tessa as the one who got away. What a small world. Whew. 3 1/2 stars. Not for the faint of heart! 1596328762 Sex.More sex.Oh and some kidnappingSex.its raunchy very raunchy. Seriously. There was no story here just. Sex. and a little bit

of struggle with stealing the password. "It will be both of ours. A baby we all created together. So Therefore I Give This Book A Measly 3 Stars. 1596328762
