. I enjoyed the rhythm and flow of this book. It's a very smooth read. {site_link} When Adam was 15 a terrible thing happened. But the past is not so easy to shake off. In many ways It Sustains is a story about loss. In Adam's case it's about the loss of his mother. The writing is strong and powerful. Genuine encounters with real people. Characters with a lot of texture. But that's OK. English I was prepared to give this a 3-3. It seems to me at least to have ended rather abruptly. All in all it was a very enjoyable and believable read. But the past is not so easy to shake off. This book is a solid 4.5 and well worth the purchase price. English Earthling did a great job on this book. Great novel about loss. Really great characters. Creepy story as well. I really enjoyed this book a lot. English Very very subtle horror in this one. I just wasn't in the best headspace for it I think. English This was a quick read and thank god it was. Yikes.
