

The Bronze Horseman (The Bronze Horseman, #1) By Paullina Simons **The bronze horseman poem summary** I might/ probably will be doing a mini review on this~2017 update~ lowering the rating because the maiden trope mentioned earlier is more problematic than my naive self picked up on 3 years ago. **What is the bronze horseman about** This might have even been my first historical fiction book I've read all year and we're already halfway done with 2016! I was never really planning to read this book or any historical fiction novel any time soon. **The Bronze Horseman cooking chicken !!** This is the most intense and epic love story EVER told!! It's exquisitely written achingly heart wrenching deeply heart warming and utterly beautiful unforgettable and incomparable in every way!!! Quite simply there is no other series like this. **The bronze horseman petersburg tale** I FELT Tania and Alexander fall in love I FELT their longing I FELT their desire FELT their heartache FELT their joy FELT their hunger FELT their pain FELT their happiness FELT their loss FELT their desperation but more than anything FELT their LOVE . **Bronze horseman book 2** You want SO BADLY for things to work out for them!The story basically follows Tatiana a 17 year old Russian girl from Leningrad who on the day that WW2 started in their area meets Alexander a 22 year old soldier in the Red Army with a secret past that could be very dangerous for him and anyone around him if it got out. **The bronze horseman reviews** Tania's sister has recently also found a soldier who she is absolutely smitten with and of course Tania then finds out that Alexander is indeed that soldier that Dasha has fallen for. **The bronze horseman analysis** Tatiana's is the ultimate selfless giver - she puts everyone else before her no matter the personal costs and even though she and Alexander are clearly crazy for each other she cannot bear the thought of breaking her sister's heart and begs him to pretend to stay with her sister. **Cooking The Bronze horsemanship** When Tatiana and Alexander eventually get married they have a beautiful month long hot hot hot 70+ page honeymoon (this IS a romance story after all despite the tragic setting) . **Cooking The Bronze horsemanship** How historical are these books? so I'm going to answer that here: NOT AT ALL!!! Ok well maybe a tiny bit considering it takes place during WW2 but the point is that it doesn't FEEL like a historical book at all. **The bronze horseman reviews**
***** For more of my reviews book news and updates:☐ Main blog: Aestas Book Blog☐ Facebook Blog Page☐ Twitter Paperback This book was wonderful intense violent or wrong; instead Tatiana is constantly apologizing for upsetting his husband. **The bronze horseman analysis** It's sold as a love story but the main character is only given this love when she's behaving like a perfect doll for her husband following his commands serving him food and bending over for him any time he feels the urge to pound her. **The Bronze Horseman Historical fictional** For example Tatiana and Alexander's initial flirtations are exciting; it's easy to get caught up in the angst of young love and all the issues that lie between them being together. **The bronze horseman analysis** And yet the story is once again bogged down by pages and pages describing the same things over and over: how many times do I need to hear about the food rationing? I get it: everybody's hungry. **EPub The Bronze horseman chapter 1** The solution: hot soldier boy is already dating her sister!Step 2: We all know that women who get it on with their sister's boyfriends have a very special level of hell reserved for them so Dasha must be portrayed in a way that will make us forgive Tatiana for her relationship with Alexander. **The Bronze Horseman cooking oil** Blog | Facebook | Twitter | Instagram | Tumblr Paperback Seeing how highly rated "The Bronze Horseman" is I guess I'll be one of those very few who don't care for this book and brace myself for negative backlash. **Historical Fiction The Bronze horseman book** First of all I am not sure why people love this story so much when there are so much better books/movies out there about: lovers separated by war ("Atonement") Russia during its communist era ("Doctor Zhivago") escape from Soviet Russia ("East/West"). **What is the bronze horseman about** I must admit this part is quite entrancing - all these emotions and Tatiana obsessing over Alexander's every word every glance every touch - I suppose I am a sucker for extended foreplay... However the interest starts vanishing once you read for the 50th time which bus they take how many kilometers they walk what streets they decide to walk along this time etc. **Kindle The Bronze horseman insurance** I guess Paullina Simmons must have done a lot of research about Leningrad and wrote her book with a map of the

city nearby but this is not the kind of detail that adds to the story! The next blow comes when we learn that Alexander (Oh my!) is the man Tatiana's sister Dasha is madly in love (and sleeps on regular basis) with. **Books similar to the bronze horseman** Which would be OK I guess (every epic love story has to have some kind of obstacle for lovers to overcome) if we don't learn later that Dasha is a self-centered tramp who also physically abuses Tatiana. **The bronze horseman trilogy books** How many times can I possibly enjoy reading about Alexander and Dimitri coming over to Tatiana's house having dinner and drinking vodka Tatiana watching Alexander with angst Alexander seating with unreadable expression Alexander getting it on with Dasha while Tatiana is groped outside by Dimitri etc. **Cooking The Bronze horsemanship** Same goes for the next 200 pages (in a very small font) depicting blockade of Leningrad where the same thing happens over and over again: Tatiana goes out to get her family's food rations she is cold and in danger all the time she comes home and portions the food (1 kg 500 g 300 g 250 g of bread etc. **The bronze horseman book summary** Another 100 pages of the same scenario: Tatiana and Alexander make love talk cheesy rubbish Tatiana makes cabbage pies/potato pancakes/mushrooms they make love talk rubbish swim Alexander attempts to build something Tatiana flirts they make love again more cabbage pies. **Books similar to the bronze horseman** Come on enough already! Some more irritating things: Tatiana's magical recovery from broken leg and 3 ribs in a matter of weeks; her ability to speak and understand English after flipping through English-Russian dictionary; Marina's pointless presence in the story; Tatiana's martyrdom; Alexander's "perfection" in comparison to Russian men who according to Simmons are all smelly with dirty fingernails and oblivious to violence against women. **The bronze horseman pushkin pdf** Bottom line is: this book could have been much better with 300 pages of repetitive nonsense edited out because ultimately it has a decent story of love and survival in difficult circumstances but unfortunately it got buried under a mountain of cheese. **Books similar to the bronze horseman** I never knew how important perfect white teeth could be that there was such a thing as a slight case of TB that this many mentions of blueberries could be squeezed into a single book or that I could ever get bored with/by sex. **The bronze horseman pdf** Good-bye and may you find a better life find comfort again and your breathless smile and when your beloved face lights up once more at the Western sunrise be sure what I felt for you was not in vain. **The bronze horseman pdf** I think The Bronze Horseman will always be my favorite love story of all time especially when the beginning of their love story was also the beginning of the Second World War. **The Bronze Horseman kindle unlimited** They weren't exactly sunshine and rainbows every step of the way and their fighting got irritating because basic communication proved to be such a struggle for these two but nonetheless I loved them anyways. **The bronze horseman pushkin** These qualities were also her weakness because it led people especially her family I must admit that I won't be surprised if abuse becomes an issue with Alexander in the later books. **The bronze horseman summary** Paperback Have you ever loved something so much it made you cry? Have you ever needed someone so bad you can't sleep at night? Have you ever tried to find the words but they don't come out right? Haaaave you everrrrrr? This. **Bronze horseman book 2** Read it or miss out on the best hero/heroine combo EVERRRRRRRRRRR! *lyrics by Bradi* Sung by Tarryn Paperback The Bronze Horseman is one of my all-time favorites! I decided to re-read it for probably the hundredth time and it still moves me just as much as it did the first time. **EBook The Bronze horseman** I don't give many 5-star ratings but I would have given this book 500 if I could have! Nothing I could say would do this book justice it is just that incredible! If you haven't read it do it now! You won't be sorry. **The Bronze Horseman kindle store** She continued with novels including Red Leaves Eleven Hours The Bronze Horseman The Bridge to Holy Cross (also known as Tatiana and Alexander) The Summer Garden and The Girl in Times Square (also known as Lily). **The bronze horseman book review** She continued with novels including Red Leaves Eleven Hours The Bronze Horseman The Bridge to Holy Cross (also known as Tatiana and Alexander) The Summer Garden and The Girl in Times Square (also known as Lily). **The bronze horseman poem summary** Apart from her novels Paullina has also written a cookbook Tatiana's Table which is a collection of recipes short stories and recollections from her best selling trilogy of novels The Bronze Horseman The Bridge to Holy Cross

(also known as Tatiana and Alexander) and The Summer Garden: I had some minor problems with this and I mean MINOR so I am giving it a 4, **Historical Fiction The Bronze horseman's** 85 haha Those problems were pure maiden trope got slightly old and happiness was so closely related only to sex which got a little repetitive, **Cooking The Bronze horsemanship** Kept it at 2 stars because the Russian war setting is still done well. **The Bronze Horseman epubublishing** Paperback Full thoughts appear on my blog: <https://whittynovels>. **The bronze horseman poem** The bottom line is that this book normalizes and promotes unhealthy and abusive interactions between a husband and a wife: **Bronze horseman book 2** Never once did Simons denounce any of Alexander's actions as abusive.

And I'll never get tired of reading about the lives of Tatiana and Alexander. **The Bronze Horseman Historical fictionmanai last** <3-----Original Review:I have no words to express my feelings towards this book. **Literature Fiction The Bronze horseman book** All I know with utmost confidence is that I might have just read my FAVORITE book of all time: **The Bronze Horseman cooking oil** I think I've also taken binge reading to a whole new level because I literally just finished an 800+ page book within a span of a day. **Cooking The Bronze horsemanship** This book devoured me and haunted me even in my sleep for 24 straight hours: **The Bronze Horseman Literature fiction** I gave up life and food because I couldn't put this book down. **The Bronze Horseman Historical fiction bookpedia** Even now I'm still reeling and withdrawing from everything I just read. **The Bronze Horseman Historical fictional** Our two main characters Alexander and Tatiana are the epitome of tragedy. **The Bronze Horseman kindle unlimited** Their whole story from beginning to end was just heart-wrenching, **Literature Fiction The Bronze horseman's** They are the perfect example of lovers who met and loved at the wrong time.

To often take advantage of her generosity and kindness, **The Bronze Horseman kindle reader** She was the ultimate pushover and I really wanted to shake some sense into herself at times, **The Bronze Horseman epub free** She was also stubborn to no end and often put herself (and Alexander) in difficult situations: **Historical Fiction The Bronze horseman insurance** But I admire Tatiana's endurance and perseverance for overcoming the war and the sacrifices she had to make for herself and for her family: **The bronze horseman analysis** I could tell without a doubt that he loved Tatiana more than life itself: **The bronze horseman summary** Sometimes I think he may have even loved her a little too much. **The Bronze Horseman Literature fiction** One of the things I worry about in regards to his character though was his temper: **The Bronze Horseman Literature fiction** He became very temperamental as the story progressed and I did feel as if his anger got the best of him. **The bronze horseman pdf** The characters he lashed out to did become a bit testy but sometimes he got a bit too carried away with his rage, **Kindle The Bronze horseman pdf free** Though I feel a bit guilty about saying this.

The bronze horseman reviews

I really enjoyed reading World War 2 in the Soviet Union's perspective rather than America's or even Germany's: **Bronze horseman book 2** I've read a few historical fiction novels that were set during the Second World War but I've never read one that was centered in the Soviet Union: **The bronze horseman paullina simons** We all know that many countries lost a lot of lives in the war but just reading about what the people went through really hurts my heart: **The bronze horseman book summary** I can't even imagine being starved to death like many of those civilians did, **The bronze horseman pushkin** I couldn't even eat a proper meal while reading this book because these characters were only given scraps for food: **The bronze horseman analysis** I haven't read a book

like **The Bronze Horseman** that's actually affected me this way emotionally: **The Bronze Horseman Food wine and spirits** It's definitely the longest book I've read and I've successfully read it within a day: **Bronze horseman book 2** Though the length of this book could be debatable.

EBook The Bronze horseman chapter 1

Fantasy has been my preferred genre of books to read, **Kindle The Bronze horsemanship** I just spontaneously decided to read a war romance and stumbled upon **The Bronze Horseman** even when I was already reading two other books: **The Bronze Horseman Food wine and spirits** But that dropping everything for this book was one of the greatest reading decisions I've ever made in my life: **Literature Fiction The Bronze horseman insurance** I can't even fathom how this book has impacted and affected me so greatly, **What is the bronze horseman about** I'm almost too afraid to read the next two books for fear that they won't live up to the the greatness of **The Bronze Horseman**. **The Bronze Horseman epub** But after that ending.

10++ bright shining stars!! Wow, **The Bronze Horseman Literature fiction bookpedia** The author has a truly uncanny gift for really making you FEEL everything that her characters are going through, **EBook The Bronze horseman's** Love that was all consuming world-shattering achingly deep and EPIC !!!Honestly I was an absolute wreck throughout my reading of it: **Kindle The Bronze horseman pdf** I literally stayed up reading till the sun came up and got up 4 hours later to finish it, **The Bronze Horseman epub online** Throughout the entire book I felt as though I was being constantly injected with little bouts of adrenaline: **The bronze horseman book summary** This book ripped my heart out and put it back together over and over and over again: **The Bronze Horseman Literature fiction** and then there was a part about 3/4 of the way though where I literally sobbed for about 12-15 straight pages, **The Bronze Horseman epub reader** And then I held out until the second last page and the waterworks started again. **The Bronze Horseman cooking chicken** This leads to a lot of tension obviously and many stolen glances and gestures looks fleeting touches private names for each other and secret meetings, **Cooking The Bronze horsemanship** Over the months they fall deeper and deeper in secret love. **The bronze horseman series** But eventually the war comes right to Leningrad and they are forced to all fight for survival. **The Bronze Horseman cooking chicken** I won't say more but the ending leaves you hanging and desperate for the next book. **Literature Fiction The Bronze horseman pdf** I have it on good authority that the last one ends with a HEA but its a long and bumpy road until then, **Cooking The Bronze horsemanship** It's not your classic romance where everything just works out it's a heart wrenching journey of finding love and having the faith to hold on to it no matter what, **Book the bronze horseman** He is one of those male character that just sears themself into your mind, **Kindle The Bronze horseman series** The way he LOVES Tania and the way she LOVES him is just so POWERFUL and BEAUTIFUL!! I really can't do it justice with my own words: **What is the bronze horseman about** I loved how Tatiana grew from a quiet young girl to a very strong woman throughout the book. **The bronze horseman book 3** I just want to pluck the two of them out of this story put them on a desert island with everything they could every want to live out their lives in perfect happiness: **Bronze horseman book 2** They literally have all possible odds stacked against them and yet still the push through, **Historical Fiction The Bronze horseman chapter 1** About how love can give you the will and the courage to survive anything. **The bronze horseman reviews** My print copy was 810 pages but I promise you it does not feel long at all. **The Bronze Horseman Historical fiction bookpedia** The author's writing style is beautiful and flows very smoothly. **The bronze horseman reviews** If you want an EPIC love story with wonderful characters and beautiful writing this is the book for you, **The Bronze Horseman cooking oil** I personally am not a fan of

historical romances mainly because I don't like the language. **The Bronze Horseman Historical fiction meaning** Also the book does NOT go into any lengthy detail on historical events: **The bronze horseman poem summary** The only events that are highlighted are the ones that DIRECTLY affect the main couple: **The bronze horseman book summary** The rest of the war etc is pretty much glossed right over: **The Bronze Horseman kindle fire** You do learn some facts because obviously they live through the war but its the background, **Books similar to the bronze horseman** The story follows ALEXANDER and TATIANA their life and their love. **The bronze horseman pushkin pdf** Trust me you will NOT regret reading it! :D10 ++ stars and a place high on my favorites shelf: **The Bronze Horseman Food wine and spirits** Bottom line: THE BRONZE HORSEMAN IS THE BEST MOST INTENSE MOST INCREDIBLY BEAUTIFUL AND HEART WRENCHING YET HEART WARMING LOVE STORY EVER TOLD A MUST READ!!! Trust me. **The Bronze Horseman cooking chicken** "Ask yourself these three questions Tatiana Metanova and you will know who you are. **The Bronze Horseman cooking oil** Ask: what do you believe in? What do you hope for? But most important - ask: what do you love?... I know who I am she thought taking his hand... I am Tatiana, **The Bronze Horseman Historical fiction** And I believe in and hope for and love Alexander for life, **What is the bronze horseman about** Alexander faced no consequences for his actions in this book, **The Bronze Horseman Literature fiction** This violence and this abuse is sold as angst and romance. **The Bronze Horseman Food wine and liquor** I picked it along with a few others from Goodreads' top 100 romance novels, **The bronze horseman book review** It has been recommended to me many times over the years from people on Goodreads and from those I know in real life: **The bronze horseman poem summary** While I didn't loathe the book - and enjoyed some parts - the truth is that more than half of these 600+ pages were excruciatingly boring: **The bronze horseman poem summary** Simons takes some steps towards goodness but then it is ruined by the prolonged tedious nature of everything that happens. **Book the bronze horseman** But the story moves at a snail pace describing their frequent walks and bus rides in intricate detail: **The bronze horseman poem summary** Similarly the tale of how people lived in Soviet Russia and the fear that came with Hitler's invasion was a great setting for this wartime love story, **The bronze horseman pushkin** What a difficult time and place to try and deal with boyfriend problems: **What is the bronze horseman about** The bigger picture is fascinating but the extent of the details and repetition is mind-numbing: **EBook The Bronze horseman chapter 1** Also as much as I'm a sucker for a touch of love angst now and then I was never completely sold on the whole forbidden love aspect of this novel, **The bronze horseman petersburg tale** I don't really know how I feel about the way Tatiana's sister - Dasha - was portrayed. **The Bronze Horseman cooking chicken** If you've yet to read this book Tatiana meets a handsome young soldier and they have an instant connection: **Cooking The Bronze horsemanship** Only it turns out that this soldier has been seeing and sleeping with her older sister: **Cooking The Bronze horsemanship** So of course Tatiana does the only right thing and refuses to be with him: **The Bronze Horseman Literature fiction** I could practically hear the author's thought process running through my mind as I was reading. **The bronze horseman summary** Step 1: Think up a situation that would create a forbidden love scenario, **What is the bronze horseman about** It has to be bad so readers will get all caught up in the angsting. **The bronze horseman book summary** The solution: make Dasha a selfish abusive whiny little bitch! I didn't like the way it was handled, **The bronze horseman pushkin** I felt like Dasha was only a bitch to justify poor innocent Tatiana's actions. **The Bronze Horseman epubor** And I also felt like it didn't make sense for Tatiana to sacrifice her relationship with Alexander when Dasha was evidently such an awful piece of work: **Bronze horseman book 2** Tatiana exhibits behaviour of a classic Mary Sue: self-sacrificing innocent supposedly plain and yet desired by every male in the book, **Cooking The Bronze horsemanship** From the exaggerated innocence vs villainous qualities of the characters to the constant rehashing of old details, **The bronze horseman summary** You know when you finish a book and think half of those pages would have sufficed? This is one of those times: **Kindle The Bronze horseman pdf** Oh well I just can't stop myself from writing this review: **The bronze horseman poem summary** I truly can't find a

grain of the excellence everybody is talking about in reviews posted on this website, **The bronze horseman summary** The book starts well enough: a very young girl eating ice cream meets a soldier at a bus stop: **The Bronze Horseman cooking oil** Tatiana the tender-hearted martyr she is decides to give up her love for Alexander for the sake of her beloved sister: **Book the bronze horseman** Does Dasha deserve Tatiana's sacrifice? No she doesn't therefore Tatiana's sacrifice is pretty much pointless and even silly. **The bronze horseman pdf** Dimitri is a more convincing "obstacle" but even he (I am sure of it) wouldn't make passes on Tatiana if Alexander simply marries her. **Literature Fiction The Bronze horseman summary** What I am getting at is that the obstacles standing between our lovers are laughable at best and do not justify 400 pages worth of angst, **EBook The Bronze horseman pdf** This fateful meeting is followed by another 100 pages of repetitive ramble. **Bronze horseman bookstore** My answer is: not many it wears off after the second time. **The Bronze Horseman epub reader** Same thing happens the next day and next and next until someone dies: **The bronze horseman book summary** Needless to say I will not be reading the sequels or any other books by this author, **The bronze horseman petersburg tale** Buses walks dinners ice cream cabbage love session buses walks dinners ice cream cabbage love session, **Books similar to the bronze horseman** I'm at a loss are we supposed to be blown away by Ms. **The bronze horseman reviews** Simmons ability to convey the monotony of everyday life? Also I'm assuming this story was meant to be a love story but 1, **The bronze horseman pushkin** I would dump anyone doing my sister while falling in love with me. **The bronze horseman book review** I would never drop the man of my dreams for a hussy who beat me even if I was related to her: **EPub The Bronze horsemanship** This book was horrid the characters were laughable and if I never see a blueberry again it will be too soon, **Kindle The Bronze horseman** Paperback One of the best books I've ever read so heart wrenching but that's the beauty of it, **The bronze horseman petersburg tale** Paperback ☐ Good-bye my moonsong and my breath my white nights and golden days my fresh water and my fire. **The bronze horseman reviews** It's far from perfect but this book and these characters are just so near and dear to my heart: **Cooking The Bronze horsemanship** It's been almost a year since I read The Bronze Horseman the first time and to this day I still haven't found a love story as great as Tatiana and Alexander's. **The Bronze Horseman Literature fiction** I don't know what it is but my heart just aches every time I flip through these pages, **The bronze horseman pushkin** It felt as if I was reading this book again for the first time because I cried swooned and bawled some more just has much as I did the first time around, **Historical Fiction The Bronze horseman insurance** Since the very beginning and for most of the story Alexander and Tatiana's relationship (or lack thereof) was put in a very complicated position, **The bronze horseman book summary** You just can't help but root for them anyways no matter how bad things may likely turn out in the end: **Book the bronze horseman** The lengths that they went to just to bury their feelings for each other was absolutely dreadful, **The Bronze Horseman Literature fiction bookpedia** The chemistry and the tension between Alexander and Tatiana was just so thick that it pained even me for them to be apart, **Literature Fiction The Bronze horseman** When they do finally get together it feels like absolute euphoria just knowing you were waiting hundreds of pages for this moment to finally happen: **The bronze horseman book summary** And I must say those hundreds of pages were definitely worth the wait because I completely adore the both of them, **The Bronze Horseman epubor** Their love was undying and sacrificed so much for even just a quick glance or the brush of a hand: **The Bronze Horseman Literature fiction** Even at the brink of death even in the end Alexander and Tatiana just lived and breathed love for one another. **Literature Fiction The Bronze horseman insurance** Tatiana was very naive in the beginning but war and loss sculpted her into a strong kind young woman: **The bronze horseman petersburg tale** I'm hoping it won't happen since I absolutely love Alexander aside from his many flaws but it won't come as a shock if it does happen. **The Bronze Horseman cooking oil** Aside from the romance I really think it plays a huge role in the book itself, **Cooking The Bronze horsemanship** We as readers are living through this war with the characters, **Bronze horseman book 2** We are growing and suffering with each and every one of them, **Kindle The Bronze horseman chapter 1**

I don't think this book would've affected me as much if it was any shorter: **The Bronze Horseman Historical fiction** **manai last** There were parts that felt repetitive and possibly could've been omitted but I wouldn't change this book for the world. **The bronze horseman reviews** It's not the greatest piece of literature out there in the world nor is it the greatest love story every told but it comes pretty close to me. **Bronze horseman book 2** I've heard about The Bronze Horseman a few months ago but I never really gave it a second thought because I don't normally read historical fiction novels, **The bronze horseman pushkin** I sincerely regret not picking this book up sooner because I can honestly say that The Bronze Horseman has topped every book I've ever read so far in my life. **Books similar to the bronze horseman** I always thought that The Night Circus a fantasy novel would always be my favorite book of all time: **The Bronze Horseman Historical fiction** I didn't doubt it because after several years and after hundreds of books no book has ever replaced The Night Circus as my all time favorite: **Bronze horseman book 2** On top of that after all that suffering there has to be a happy ever after in store for these two untimely lovers. **Kindle The Bronze horsemanship** I refuse to believe that this is the end for Alexander and Tatiana, **What is the bronze horseman about** The story of Alexander and Tatiana is so beautifully told and gripping that I can never put it down once I start, **The bronze horseman book review** To think I nearly passed over this book because I don't usually read historical romances, **The Bronze Horseman kindle cloud** That would have been a tragedy! Thank God I finally gave it a shot after hearing so much praise for it: **Cooking The Bronze horsemanship** This epic tale of love and loss is a must-read for any romance reader, **The Bronze Horseman kindle app** LOVE this story! And quite frankly exhausting. It truly was a ride. It's pretty dang creep sketch.wordpress.com/20. I kid you not. A lot of times. Alexander was a bit more complicated to understand. He spoke of love not with words but through his actions. This book is absolutely huge. WOW. WOW. It kept me riveted the entire time. I cried a few times throughout the book. This is book 1 of a trilogy. Alexander. *sigh* how to describe him. They sacrifice SO much EVERYTHING for each other. This is truly a story about survival. The book is long. I read every single word (often as slowly as I could). I didn't skim a single syllable. The story never dragged for me. ***I get asked this A LOT . In this book the characters speak in MODERN language. They sound pretty much like you or I would. This is first and foremost a LOVE STORY. The focus is on the characters NOT the events. You'll never forget this story." MY CASTING: see above To sum it up. And I loathed every goddamn second of it. Paperback I'm really quite confused. This book came very highly recommended. And it has an average rating of 4.40. Everything I enjoyed soon soured and became dull. Let's move on. Everything about this novel seems overwrought. They instantly fall for each other. They start meeting every day walking and talking for hours.) everybody eats they are hungry they go to sleep. The honeymoon part is written in exactly the same way. Paperback Oh what fresh hell. I thought this book would never ever end. But these things have all been achieved by Bronze Horseman. She even manages to throw in some scurvy. The description in this book is endless. On and on it goes for hundreds of pages. 2. Nope no way. Same goes for cabbage. Tatiana and Alexander's story was truly memorable and amazing. Good-bye and have faith my Tatiana. □ Reread (04/13/2017): God I love this book so much. As individuals Alexander and Tatiana had their own flaws. Pushes and shoves can easily turn into slaps and punches. What a mistake that was. Until today. Right here. Boom. I really would have missed out if I had. As the German armies advance their future looks bleak. The Bronze Horseman (The Bronze Horseman #1).
