

A Regimental Murder (Captain Lacey, #2) By Ashley Gardner :

A Regimental murderfist

Again another great book from Captain Gabriel Lacey's world: **A Regimental murderbots69** When he gets the plea from a beautiful woman to try and find out who killed her husband. **A Regimental murderinc** Of course Gabe being the hero with his heart on his sleeve how can he resist? He can't and so begins a whirlwind of past deception and murder. **A Regimental murderfolk** It is all Gabriel can do to keep his wits as he fights to find the truth among all the lies. This was a great mystery and a great continuing series. A Regimental Murder (Captain Lacey #2)
